Hi Mr. Guscio,

Thank you for your inquiry regarding the Austin House in Bluffton. Based on the information you provided, we were able to locate survey photographs for the property, as well as a photo from the National Register nomination for the Bluffton Historic District. I've attached a PDF of the full site card and survey photos, as well as JPEGs of the two survey photos and of the National Register photograph. The survey photos were taken in 1994 and the National Register photo in 1995.

You might also want to reach out to Glen Umberger, who is the Historic Preservationist for the Town of Bluffton (843-706-4504, <a href="mailto:gumberger@townofbluffton.com">gumberger@townofbluffton.com</a>). The town may have other photos on file and/or Glen may be able to point you towards other local research avenues. My other suggestion would be to check with the Beaufort County Library, as libraries often have local history collections.

I hope this is helpful and please let me know if we can be of further assistance.

All the best, -Virginia

Request

mailed-by: GMAIL

Hello Ms. Johnson,

I left a voicemail earlier today in hopes of finding some pictures of a cottage before it was "Improved" or expanded in footprint and scale.

In the online request form I filled out I included the following information:

Trying to locate pictures of

113 Bridge Street, Bluffton, SC 29910.

Control # U, County 13, Census Designation Place 0155,

Site # 046-0125.

Presently dubbed the "Tyson-Derst Cottage". Tyson is to be Tison soon, as a clerical occured when they misread the Tison family as owners/builder in 1939-1954, then later Derst-Austin from 1963-1999.

Any assistance would be appreciated. This is also on the National Registry and Described-0MB No. 1024-0018,

Hopefully, somewhere there is one clear picture or several available so we may return this cottage to its original size and scope. Anything found may be forwarded to this email.

Thank You,
