## INTEROFFICE MEMORANDUM

---

---

**TO:** MEMBERS OF TOWN COUNCIL

**FROM:** SCOTT M. MARSHALL, DEPUTY TOWN MANAGER

**SUBJECT:** COVID-19 INFECTION RATE UPDATE

**DATE:** DECEMBER 28, 2020

**CC:** MARC ORLANDO, TOWN MANAGER

---

This memo is provided to fulfill the request of Town Council to receive monthly updates regarding local COVID-19 infection rates.

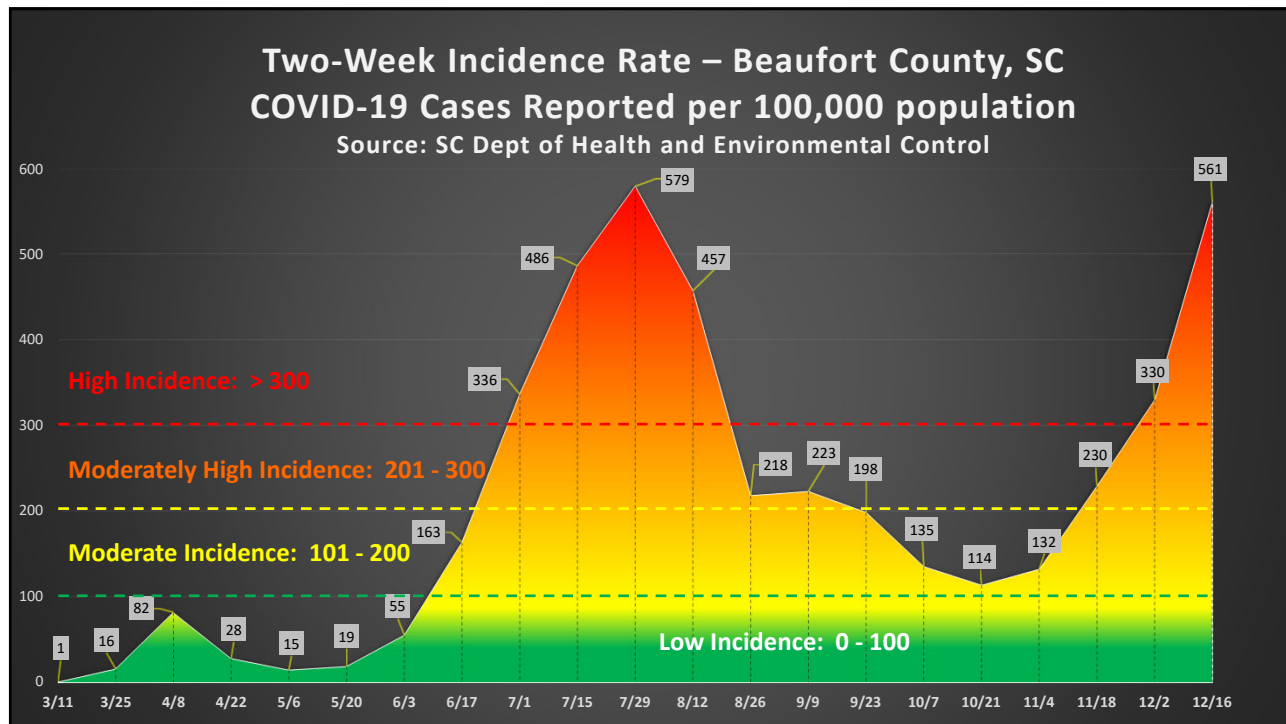

Attached are the charts with which you are already familiar from previous presentations.

The latest two-week reporting period available as of the drafting of this memo was for **the period ending December 16, 2020**. On these charts, the following is depicted:

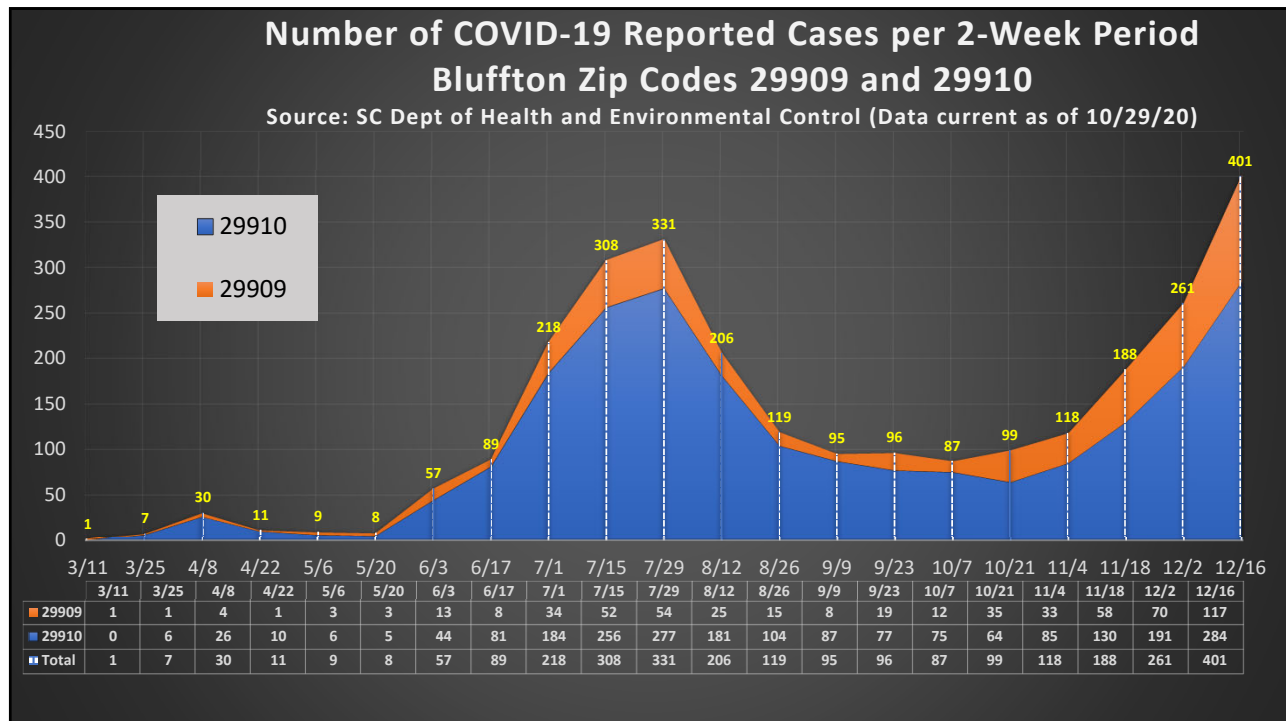

- Beaufort County Two-Week Incidence Rate
  - Cases Reported: 561 cases per 100,000 in population
  - Incidence Rate: High
  - Change from Previous Reporting Period: 70% increase
- 29909 / 29910 Combined Cases Reported
  - Number of Cases Reported: 401 (Record High)
  - Change from Previous Reporting Period: 53.6% increase

The latest data available to provide a **snapshot of the same data** sets is inclusive through December 26, 2020. This data, which is not depicted, reveals the following:

- Beaufort County Two-Week Incidence Rate
  - Number of Cases Reported: 584 cases per 100,000 population (Record High)
  - Incidence Rate: High
- 29909 / 29910 Combined Cases Reported
  - Number of Cases Reported: 427 (New Record High)
