Nothing in this chapter shall be construed to apply to any person transacting and carrying on any business within the city of Boardman which is exempt from taxation or regulation by the city by virtue of the constitutions of the United States or the state of Oregon, or applicable federal or state law.

Through this chapter reasonable and necessary regulations will maintain the free flow of pedestrian and vehicular traffic on streets, sidewalks and areas open to the public; prevent interference with the peaceful enjoyment of the areas open to the public; and preserve, protect, and enhance the economic, scenic, historic, and aesthetic values and objectives of the city.

The regulations of the chapter are not intended to permit any violation of the provisions of any other law or regulation and apply to activities within the city of Boardman, including city-owned and leased property and rights-of-way.

These regulations shall not apply to sales conducted by municipal, government, religious, charitable, educational, or other similar organizations, provided that the sale is conducted on premises owned or leased by the applicant for the regular conduct of its business or affairs. Mobile Food Unit (MFU). A completely self-contained, motorized vehicle or towable trailer designed and equipped to prepare, cook, and/or serve food items directly to the public for immediate off-site consumption. A MFU relies entirely on its own systems or temporary, approved utility hookups, and does not feature permanent customer interior or exterior dining space, except for limited, temporary outdoor seating as expressly permitted under the standards of this Chapter.

Type I MFU. A mobile food unit that operates using fully self-contained onboard systems and generators without semi-permanent utility hookup

Type II MFU. A mobile food unit that operates seasonally and may utilize temporary site permissions or basic utility connections

Type III MFU. A mobile food unit that operates on a semi-permanent basis and connects to approved temporary utility hookups (such as water, sewer, or shore power).

5.08.030 Permitted Zones and Locations, and Approval Requirements.

Standalone mobile food units (MFUs) are permitted to operate subject to the requirements of this chapter on private property or designated public areas within the following zoning districts: Commercial, Light Industrial, and Industrial.

- C. A mobile food unit shall maintain all licenses and approvals required by the State of Oregon, County Health Authority, and the Boardman Fire Marshal.

5.08.040 Hours of Operation and Duration.

To remain a welcoming environment for mobile commerce while preventing unauthorized permanent fixtures, the following timing regulations apply:

 - Total operations at a single location shall not exceed 180 days within any 12-month period.

5.08.050 Off-Street Parking Requirements.

To balance traffic safety with vendor accessibility, off-street parking shall be provided as follows:

- A. **Minimum Spaces:** Each standalone mobile food unit operating on a private parcel shall provide a minimum of two (2) designated off-street parking spaces.
- B. **Shared Parking Allowed:** This parking requirement may be satisfied by utilizing existing surplus parking on an already developed commercial or industrial site, provided the food unit does not reduce the host business's parking below its own minimum required code levels.
- C. **Surface Standard:** Parking spaces may consist of compacted gravel, asphalt, or concrete surfaces, provided they are safely accessible from the public right-of-way and that the access point is permitted and constructed to City standards.

5.08.060 Site Standards.

To ensure compliance with local building codes, structural safety, and food service sanitation frameworks, mobile food vendors must operate strictly under the following layout restrictions:

- B. **Outdoor Seating Allowance:** The provision of customer seating by a mobile food vendor or host property owner is permitted strictly under the following conditions:

 - **Temporary and Unanchored:** All outdoor seating furniture, such as picnic tables or chairs, must remain entirely unanchored and temporary. No permanent or fixed structures, decks, platforms, roofs, or shelters may be erected around or over the seating area. All furniture must be stored or secured during non-operating hours.
 - **Clearance and Safety:** Seating must be positioned to ensure it does not encroach upon, obstruct, or create hazards within designated vehicle drive aisles, parking spaces, fire lanes, or pedestrian walkways and sidewalks.
 - **Sanitation and Restroom Access:** The deployment of any customer seating must comply with health sanitation restroom access requirements. If required, the vendor must maintain a valid, approved restroom facility agreement and provide active waste management for the seating area in full compliance with Oregon Health Authority sanitation regulations.
- C. **Prohibited Structures:** The erection of semi-permanent or permanent roofs, platforms, decks, or enclosures attached to or surrounding the MFU for customer use is strictly prohibited. Temporary awnings or umbrellas attached directly to the frame of the vehicle are permitted solely to provide weather protection for customers waiting in line.

-
- D. **Waste Management:** The vendor must provide at least one garbage receptacle and one recycling container within 10 feet of the unit. The vendor must clean up all litter within a 25-foot radius of the vehicle before departing the site.

All mobile food units (MFUs) must remain self-contained or utilize temporary utility hookups that comply with state and local plumbing, electrical, and environmental regulations. Cords and connections shall be placed or protected so they do not create a tripping, electrical, or public safety hazard.

- **Onboard Storage:** MFUs may operate using internal, food-grade potable water tanks that are filled at an approved facility.
- **Temporary Hookups:** Temporary connections to an on-site commercial water source are permitted only if equipped with a certified, tested backflow prevention assembly to protect the municipal water system from cross-contamination.

C. **Grey Water Disposal:**

Wastewater shall be stored and disposed of at an approved location in accordance with applicable City, county, and state requirements. Wastewater, grey water, grease, or other liquid waste shall not be dumped onto the ground, sidewalks, streets, storm drains, ditches, or public rights-of-way.

- **Disposal Methods and Evidence Required:** Wastewater must be legally dumped at an approved commercial RV dump station, a licensed wastewater disposal facility, or an approved on-site commercial cleanout connected directly to the municipal sanitary sewer system. The city may require reasonable evidence of an approved wastewater disposal method when necessary to determine compliance.
