**Summary:**

The Boardman Urban Renewal Agency will consider Resolution 4-2026, which terminates future tax increment collections for the West Urban Renewal District. The West Urban Renewal Plan was adopted by the Boardman City Council on November 18, 2013. The Agency has determined that the West Urban Renewal Area has no long-term debt remaining, and that any other existing debt can be paid using current revenues. Approval of the resolution directs staff to take all necessary steps to end the division of tax revenues for the West Urban Renewal District, including preparing a related resolution for City Council consideration and completing Notice to Assessor Form OR-UR-50 to stop future distribution of tax increment revenues to the Boardman Urban Renewal Agency for this district.
