Section 2. Project Overview

1. **Title of Project** *

   Please provide a brief title to identify your request by. This should be how the project would appear in the bill or in a grant application. For example, HWY 101 Bridge Repair.

   Boardman Main Street and Port of Morrow Interchange Improvement Project

2. **What is the amount of funding being requested?** *

   Number, not in thousands. No commas, decimals, or numbers with leading zeros. For example if you want to request two-hundred twenty-million, three hundred thousand dollars you would put 220300000.

   2753080

3. **Please describe your project in one sentence** *

   Please frame this brief, short description (30 words or less) as: "Funds will be used to..."

   You will be asked to provide a more detailed description later in this application. This brief sentence should be generalized and emphasize the ultimate goal for this project.

   Funds will be used to construct a roundabout at Exit 165 along with pedestrian improvements and provide planning and engineer design to support future improvements at Exits 164 and 165.

4. **Subcommittee** *

   THUD

5. **Account** *

   Anticipated Fiscal Year 2023 Accounts - CDS accounts are subject to change pending final instructions for the Fiscal Year 2023 appropriations process. Senator's staff will provide updates of any changes.

Only specific accounts are eligible to receive congressionally-directed spending items.

If you are interested in submitting an request for a military construction, please discuss them with the Senators' staffs prior to submission.

HIP

6. **Please provide a clear description of the project and the intended use of funds.** *

Please include a short description of the project or activity you are requesting funds for. It should not be the name of an existing program, project, or activity, but rather a description unique to your CDS request.

This description should provide a brief (250 words or less) summary of the project including its purpose, goals, history, and current status, as well as the justification for the project (i.e., why funding is in the interest of taxpayers). The justification should also state what performance standards will be used to measure whether this project has achieved its objectives. This description must be complete on its own and may not simply incorporate supporting materials by reference. You may make a longer case for your project in the supplemental materials.

The Boardman Main Street and Port of Morrow Interchange Improvement Project would improve safety and access between Interstate 84 and the Port of Morrow Industrial Park within the City of Boardman. The Port of Morrow is home to over 8,000 jobs and the industrial park is home to essential food processing companies and energy and data storage facilities. The Exit 165 and Exit 164 interchanges are the primary thoroughfare between the interstate, City of Boardman, and the Port's industrial park, but its design is insufficient to safely accommodate the combination of local vehicles and freight traffic. As a result of its limitations, the interchanges have experienced traffic backing up on the freeway, causing serious safety issues for Interstate traffic and non-vehicular travelers through the interchange.

CDS funding will be used to construct a roundabout at Exit 165 along with sidewalks and interstate on-ramp improvements. CDS funds would be used for planning and engineering, design, site work, and construction. Once completed, this project will improve access for pedestrians, bicyclists, and local vehicles, while supporting enhanced access to businesses throughout the Port's industrial park. This project will also provide planning and design work for further improvements at Exit 165 and at Exit 164. This project represents a collaboration between the City of Boardman, Port of Morrow, and ODOT Region 5.

Performance standards will be used to measure reductions in collisions, traffic backups, and travel time savings for regular users of the interchange.

7. What is the total cost of the project? *

This number is used to calculate any potential cost-shares.

Number, not in thousands. No commas, decimals or numbers with leading zeros. For example if the total project cost is two-hundred twenty-million, three hundred thousand dollars you would put 220300000.

3316350

8. Do you have the ability to meet the applicable matching or non-federal cost-share requirements? *

Not every account requires a local match. Please consult the guidance document.

 Yes

9. How much funding from non-federal sources can you provide as a match for this project? *

The purpose of this question is to assess whether or not the project can meet potential cost-share requirements. Not every account requires a cost-share. Please consult the guidance document.

Number, not in thousands. No commas, decimals or numbers with leading zeros. For example if the total project cost is two-hundred twenty-million, three hundred thousand dollars you would put 220300000.

563270

10. Please provide a short summary of the budget for this project. *

Please provide one or two sentences about where funds for the project will be coming from and, specifically, what the funds requested for in this project will be used for. This serves as a summary for your full budget document, which must be uploaded with this application. Please be specific when describing the activities and expenditures.

For example: This project will be funded with $XX state grant funding, $XX from private donations, and $XX from this funding request. The funding requested will be used on $XX for salaries, $XX for programming, and $XX for equipment.

This project will be funded with $563,270 in Port of Morrow funding and $2,753,080 from this request. The funding requested will be used as follows: $2,091,350 will be used for construction activities, $225,000 for design of the proposed roundabout, and $500,000 for site work. The remaining $500,000 will be used for planning and engineering for future improvements to Exit 165 and Exit 164.

11. What is the primary purpose of the requested funding? *

___All
_X__ Construction
___Planning, engineering, or other predevelopment activities
___Equipment or similar acquisitions
___Staffing costs and related expenses

12. If applicable, please include a link to the project website *

https://www.cityofboardman.com/community-development/page/adopted-codesplans

13. Project Location (City): *

Please indicate the closest city to the project. If the project has multiple locations, please put the city of the recipient organization for the purposes of complying with disclosure rules.

Boardman

14. Project Location (s) (County): *

Please put the name of the county that the project occurs within. If multiple counties, please list the county where the recipient organization is located. The project city and county must match.

Morrow County

15. What area or areas are served by this project? *

Please include a description of the areas served if different then the project location. For example, you might list multiple cities or counties where the project will be active.

The project will serve City of Boardman and Morrow County residents, the Port of Morrow (including thousands of employees from surrounding areas that come into Boardman for work each day), and visitors to the community.

16. Can the grantee begin spending the requested funding within 12 months of the award? *

 Yes

17. If funds were awarded, when would project activities occur? *

The purpose of this question is to determine whether or not funds would likely be available prior to when projects plan to begin and to ensure that project activities will be completed during the window funds are available. For a construction project, it would be the start and end dates of construction. For a research or service project, it would be the beginning and end of the research or service activities.

 06/01/2026 – 03/31/2027

18. What is the status of the required planning and environmental review work? *

CDS funding is a type of federal funding and normal rules for the use of federal funding apply. The purpose of this question is to ensure that the applicant understands these requirements and is able to meet them. For planning purposes, construction should not begin until the environmental review work is complete.

___Complete
___ In Progress
_X__Not required or categorical exclusion applies
___Not able to complete

19. CDS awards are not a recurring **or permanent source of funding. What is the grantee's plan to sustain the work long-term?** *

After the one-time construction expense, maintenance will be provided by local sources including the Port of Morrow and City of Boardman.

20. Is the amount requested scalable to a lower amount? *

 No.

19.1. If so, what is the minimum amount?

19.2. If so, what would the minimum amount cover?

21. If you are submitting multiple projects, please rank this request in order of priority. *

If you are only submitting one project, put "1"

1
