PUBLIC NOTICE

April 21, 2023

The City of Boaz Council will hold a public hearing on Monday, May 8, 2023 at 6:00 P.M. in the Boaz Senior Center located at 112 S Church Street Boaz, Alabama 35957. The purpose of the public hearing will be to discuss and amend the City of Boaz Zoning Ordinance Number 2021-1154 as follows:

§3-03 R-3 HIGH DENSITY SINGLE-FAMILY RESIDENTIAL DISTRICT

§3.03.02 Triplexes and quadplexes. Triplexes and quadplexes are permitted on corner lots only. Off-street parking may not extend forward of the front building line.

1. Building Materials for duplexes, triplexes and quadplexes. Building exteriors must be constructed from high quality, durable materials as follows:
 - a) Brick or other masonry. When used for the facade of any building, concrete blocks must be split, rock, or ground-faced and may not exceed 25% of the masonry area of the facade. To add visual interest, the use of specialized textures and/or colors used effectively with other building materials and details are encouraged. Plain concrete block or plain concrete may be used only as foundation material if the foundation material is not revealed more than three feet above finished grade at the foundation wall.
 - b) Exterior insulation and finish system (EIFS) and similar troweled finishes (stucco) must be trimmed in wood, masonry, or other approved materials and may not be used adjacent to grade.
 - c) Horizontal wood and cement board siding. Composite boards manufactured from wood or other products, such as hardboard or plankboard, may be used when the board product is less than nine inches wide.
2. Prohibited Materials. The following materials are prohibited in visible locations unless an exception is granted based on the integration of the material into the overall design of the structure.
 - a) Plywood siding (including T-111 or similar plywood), except when used as a component in board and batten siding.
 - b) Highly tinted or mirrored glass (except stained glass) as more than 10 percent of the building façade
 - c) Corrugated fiberglass
 - d) Non-corrugated and highly reflective sheet metal
 - e) Vinyl siding is acceptable when the board size is less than six inches wide. However, it may not be used adjacent to grade. Vinyl siding cannot be painted, which limits opportunities for changing building colors as part of future renovations.

§3.04 R-4 Multi-Family Residential District

§3.04.01 Additional Requirements

2. Building Materials for multi-family dwellings including duplexes, triplexes and quadplexes. Building exteriors must be constructed from high quality, durable materials as follows:
 - a) Brick or other masonry. When used for the facade of any building, concrete blocks must be split, rock, or ground-faced and may not exceed 25% of the masonry area of the facade. To add visual interest, the use of specialized textures and/or colors used effectively with other building materials and details are encouraged. Plain concrete block or plain concrete may be used only as foundation material if the foundation material is not revealed more than three feet above finished grade at the foundation wall.
 - b) Exterior insulation and finish system (EIFS) and similar troweled finishes (stucco) must be trimmed in wood, masonry, or other approved materials and may not be used adjacent to grade.
 - c) Horizontal wood and cement board siding. Composite boards manufactured from wood or other products, such as hardboard or plankboard, may be used when the board product is less than nine inches wide.
3. Prohibited Materials. The following materials are prohibited in visible locations unless an exception is granted based on the integration of the material into the overall design of the structure.
 - a) Plywood siding (including T-111 or similar plywood), except when used as a component in board and batten siding.
 - b) Highly tinted or mirrored glass (except stained glass) as more than 10 percent of the building façade
 - c) Corrugated fiberglass
 - d) Non-corrugated and highly reflective sheet metal
 - e) Vinyl siding is acceptable when the board size is less than six inches wide. However, it may not be used adjacent to grade. Vinyl siding cannot be painted, which limits opportunities for changing building colors as part of future renovations.

Table 3-2 Area and Dimensional Requirements, Residential Districts,

Adding a minimum square footage requirement of 900sf (Square Foot) of living space per dwelling unit. In R-3 and R-4 Districts concerning Duplexes, Triplexes or Quadplexes.

§2-06 Fences, Walls & Hedges

§2.06.03 In residential districts, fences may not exceed 6' in height. However, fences located forward of the principle building may not exceed 30" in height.

At said time and place, all persons in favor of or in opposition to said zoning amendments can be heard.

Beth Stephens
City Clerk/ Treasurer
