

BRECKENRIDGE CITY COMMISSION AGENDA SUMMARY FORM

Subject: Discussion and any necessary action regarding Resolution 2023-08 authorizing the City Manager to apply for a Criminal Justice Division Grant through the Governor's office to purchase new equipment for Law Enforcement.

Department: Admin

Staff Contact: Jessica Sutter

Title: City Secretary

BACKGROUND INFORMATION:

Office Justin Shockley has applied for a grant through the Governor's office to receive new and updated laptops in patrol units as well as replace the old and outdated radar systems. This will allow for more accurate readings of vehicle speeds and be less likely to have errors. The laptops will serve as MDT's (Mobile data terminals) which have multiple useful services such as:

1. Utilization of the new CAD (Computer Aided dispatch) system that was installed last year on the dispatch computers at the LEC.
2. Ability for dispatch to communicate directly with each officer on duty and relay information that could be important during a call for service, but not necessary enough to tie up radio traffic.
3. Dispatch will be able to enter calls into the system and send them directly to the officers laptops which will allow officers to be better informed when responding to calls, such as; previous calls for service or violent tendencies.
4. Provide mobile access to report writing software which will reduce the amount of time spent in office and allow officers to be more visible to the public.
- 5.

STAFF RECOMMENDATION:

Move to approve Resolution 2023-08 as presented.
