Dear Mr. Satterwhite,

Thank you for the opportunity to provide this eco-friendly service to the City of Breckenridge. Below is the proposal to provide vegetation management with the use of goats to graze down the drainage creek.

OBJECTIVE:

City of Breckenridge desires to hire Rent-A-Ruminant to graze down an area that cannot be reached by traditional mowing.

SCOPE OF WORK:

Rent-A-Ruminant will utilize approximately 150 goats to graze down the overgrown vegetation at these locations. (See map below) Services to be performed as needed business. Rent-A-Ruminant is a sole source provider.

SCHEDULE:

Area 1 of 5.884 acres, will take approximately 15 - 24 days to complete. (see map below)

Rent-A-Ruminant Responsibilities:

- ❖ Will provide a goat wrangler to stay onsite with the goats from setup through completion of work
- ❖ Will use portable electrified fencing to contain the goats for concentrated grazing and safety of the goats
- ❖ Will post "Do Not Feed Animals" and "Caution: Electrified Fencing" Signs along the perimeter of the area being worked
- ❖ Will transport all animals to and from the site
- ❖ Will provide a certificate of insurance and W-9 form as needed

kc@rentaruminant.com

City of Breckenridge's Responsibilities:

- ❖ Will provide a source of clean water to be obtained by Rent-A-Ruminant.
- ❖ To inform Rent-A-Ruminant a place to stage equipment such as livestock trailer and goat wrangler's travel trailer.
- ❖ Will be responsible for informing the public of Rent-A-Ruminant's upcoming work schedule.

PRICE:

The total price for the area will be \$17,652.00.

Payment is due upon completion. Project will start at the earliest opportunity once the contract has been signed.
