

  
This park was owned by  
C.M. Koss and maintained by the citizens of this  
neighborhood. In 1961, the City of Breckville took the  
park over. The 2020 High School FACS Project group  
made improvements to the park to update it and make it  
safe for young children. This group of young people  
wanted to keep the history of the park alive. They  
decided they wanted to name the park to honor and  
bring recognition to the many individuals who spent  
countless hours using and maintaining this park. For this  
reason in April of 2021 the park was officially renamed
