

TO: Mayor and City Council
FROM: David Chanski, City Administrator
RE: Proposed Ordinance 2023-05 Tobacco Regulations
DATE: December 4, 2023

Background

The Parks & Recreation Committee has issued a recommendation to the City Council to consider restricting the use of tobacco products on City owned-properties. While reviewing [Chapter 112: Tobacco Regulations](#), City Administrator Chanski noticed that the City's current tobacco regulations are not only short but also out of date with current State Statute. As a result, Proposed Ordinance 2023-05 fully amends Chapter 112 to comply with State Statute as well as restrict the use of tobacco on lands owned by the City of Breezy Point.

Council Action

Consideration of Proposed Ordinance 2023-05 should proceed as follows:

1. Public hearing
2. Council deliberation
3. Action on proposed ordinance

Staff recommends approval of Proposed Ordinance 2023-05.
