

TO: Mayor and City Council
FROM: David Chanski, City Administrator
RE: 2022 Audit Report
DATE: July 6, 2023

State Statute requires that all municipalities be audit annually. The 2022 City of Breezy Point audit was conducted the end of May through mid-June. While Statute requires that audits be completed and submitted to the State Auditor by June 30, they do give some leeway for audit reports to be presented to governing bodies prior to it being submitted.

Clifton Larson Allen (CLA) are the City's auditors, and their audit report for 2022 in attached. Mary Reedy with CLA will present the report to the City Council at the July 6 City Council Meeting.

Council Action

Staff recommends that the City Council accept the 2022 City of Breezy Point Audit Report.
