

# PARK AND RECREATION MEETING

## AGENDA ITEM

---

<b>Prepared By:</b> <i>Joe Zierden, Public Works Supervisor</i>	<b>Meeting Date:</b> <i>10/9/2025</i>	<b>Item Name:</b> <i>Community Garden Update</i>
--	--	---

### **BACKGROUND/DISCUSSION**

- The Community Garden guidelines and application were updated based on experience gained from the first season in operation. Generally, the guidelines/application was simplified and streamlined to lessen confusion.
- Automatic watering system is in reliable operation. The problem stemmed from city hall's domestic water supply exceeded plumbing code maximum allowable pressure. A pressure reducing valve was installed correcting the over pressure issue for the irrigation system and building.
- Eight 32 inch raised beds and two picnic tables were installed.

### **SUPPORTING DOCUMENTS**
