

TO: Mayor and City Council
FROM: David Chanski, City Administrator/Clerk
RE: WWTF Plan Permitting Agreement
DATE: June 3, 2024

Background

The City Council was presented the final report on the Wastewater Treatment Facility Study during a workshop on May 21. After discussing the results of the report, the Council was in consensus to move forward with the permitting process of the plan outlined in the study with the MPCA.

Agreement with Widseth

A proposal from Widseth is attached and is for \$35,000, which would be paid out of the Sewer Capital Fund. Widseth anticipates that the permit fee through the MPCA would be an additional \$9,300, which would also be paid out of the Sewer Capital Fund. Permitting with the MPCA could take up to a year to complete.

Council Action

Staff recommends that the City Council accepted the proposal by Widseth to conduct the Wastewater Treatment Facility expansion permitting process with the MPCA on the City's behalf.
