

TO: Mayor and Council

FROM: Police Chief Brian Sandell

DATE: August 22, 2023

MEETING DATE: September 5, 2023

Agenda Item: Outdoor Warning Siren

Background: Council requested Chief Sandell share information on our outdoor warning sirens. Attachments include current siren locations and coverage areas, recommended future siren locations, and a frequently asked questions list.

If the council chooses to add another outdoor siren, I recommend the public access on Ossawinnamakee. This location would cover Highview Campground which would likely have the most individuals outdoors not currently covered by our sirens.
