

TO: Mayor and City Council
FROM: Joe Zierden, Public Works Supervisor
RE: Bobcat Toolcat Replacement
DATE: 4/7/2025

Background:

The 2018 Toolcat has approximately 1,250 hours and is used in multiple aspects of Public Works operations. Recent repair costs resulted in an alteration in equipment CIP to replace the Toolcat more frequently (every 5 years) to keep repair costs under warranty, yield higher trade values and lower costs of operation. In 2024, \$36,413.58 was budgeted for the replacement.

Requested Action:

A motion to trade the 2018 Toolcat to Bobcat of Brainerd for a new Toolcat for the cost of \$38,294.00 would be appreciated.
