Surveillance and Security Quotes  
Police Department & City Hall

	<i>On Systems</i>	<i>Midwest Security</i>
Police Department	36,739	37,600
City Hall	<u>14,265</u>	<u>11,700</u>
	\$51,004	\$49,300

The surveillance and security quotes for the Police Department Access control, surveillance, and alarm, necessary to conform to CJIS mandates. (Budget Item)

City Hall Access Control provided by HyTec Contract utilizing Midwest Security Surveillance was projected as a monthly lease (which is not preferred). Quotes were obtained for a surveillance system matching the system to be installed at the Police Department.

Quotes for total installations are very close. It would be beneficial that the systems at both buildings be the same. Since Midwest Security is installing the Access Control in the City Hall, it is recommended that Midwest Security install the surveillance and security at the Public Safety Building and at City Hall.
