

CITY COUNCIL AGENDA REPORT

Meeting Date: March 4, 2021

From: Clay Holstine, City Manager

Subject: Resolution Declaring the Continued Existence of a Local Emergency in the City of Brisbane in Response to the COVID-19 Pandemic

Recommendation: Adopt the attached resolution.

Background

The COVID-19 Coronavirus has been declared a pandemic by the World Health Organization and has prompted various government agencies to take action in response. The President has declared a national State of Emergency, the Governor has declared a Statewide Emergency, the County Board of Supervisors has declared a County wide State of Emergency and the City Manager, as Emergency Services Director, proclaimed a local emergency on March 16, 2020, and on March 19, 2020, the City Council ratified and confirmed the Director of Emergency Service's proclamation of a local emergency which allowed staff to expeditiously respond to the emergency circumstances caused by the pandemic.

On June 18, 2020, September 3, 2020, November 5, 2020, and January 7, 2021, the City Council extended the local emergency. Since March 2020, staff has regularly informed the City Council about items related to the City's response to the COVID-19 pandemic. In addition, the Health Officer of the County of San Mateo has issued several directives and orders to address efforts to curb the spread of the disease. Although such efforts show signs of promise, the COVID-19 pandemic continues to impact communities around the world, including Brisbane.

Discussion

Government Code Section 8630(c) requires that, "the governing body shall review the need for continuing the local emergency at least once every 60 days until the governing body terminates the local emergency." Council last extended the need for continuing the local emergency on January 7, 2021 and it is in order to continue the local emergency and direct staff to continue to respond appropriately to the local emergency.

Financial Impact

There is no direct financial impact from City Council taking this action. The attached resolution, however, will put the City in a better position to recover funds that are expended in response to the COVID-19 pandemic.
