Council Subcommittee Update

From October 12th, 2024, to November 14th, 2024

Public Art Advisory Committee

10/14

Cunningham, Davis

The Committee met with McGrath Arts who is being recommended to Council for the installation of the lighting and railing for the Stairway Public Art Project. As lighting and railing are part of infrastructure of the project, the artists discussed their designs with the Committee and Public Works Assistant Director Kinser to be sure the project will work well and be integrated into the project smoothly.

Sierra Point Parkway Design Guidelines Subcommittee

11/14

Lentz, O'Connell

The Subcommittee met with Healthpeak Properties applicants to review their proposed demolition of the existing parking garage and surface parking lots on the project site at 2000 Sierra Point Parkway and 8000 Marina Boulevard to construct additional life science office building and new structured and surface parking. The two existing office buildings on the project site would be retained and incorporated into the site design. The Subcommittee asked questions and gave feedback to the applicant.
