

CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2022

From: Carolina Yuen, Finance Director

Subject: Adoption of Resolution Establishing Appropriation Limit for Fiscal Year 2022/23

Community Goal/Result

Fiscally Prudent - Brisbane's fiscal vitality will reflect sound decisions which also speak to the values of the community

Purpose

To ensure the City's taxes are not too great a burden on the Community.

Recommendation

Adopt Resolution establishing the Appropriation Limit for Fiscal Year 2022/23.

Background

Proposition 4 was adopted by California voters in November 1979. This measure codified Article XIII B of the California Constitution, (Government Code 7901). This section specifies that governmental entities must calculate and adopt annually an appropriation limit beginning with fiscal year 1978-79. These limits are also referred to as "Gann Limits" in reference to one of the measures co-authors. The fundamental purpose of the appropriation limit is to keep real per-person government spending under 1978-79 levels, adjusted for inflation, and to measure if the City has revenues that cannot be appropriated because of the limit – meaning the City has "excess revenues."

In June of 1990, California voters approved Proposition 111, which amended Government Code Section 7901 as it applies to the Appropriation Limit. According to Proposition 111, cities are permitted to adjust their appropriation limit annually by the following two factors:

1. Either the percentage change in the California per capita personal income for the preceding year or the percentage change in the growth of non-residential assessed valuation due to non-residential construction; and
2. Either the percentage change in population of the City or the County.

Attached is the calculation of the appropriation limit as allowed by Proposition 111.

Discussion

The indexes used in calculating the appropriation limit for FY 2022/23 are the percentage change in the California Per Capita Personal Income (7.55%) and the County's population growth/(reduction) (-.92%), totaling a combined growth rate of 6.56%. The City's resulting Appropriation Limit is \$25,616,884. The tax proceeds expected to be received, including for the Guadalupe Valley Municipal Improvement District, is \$18,034,288 or 70.40% of the limit. Therefore, the City is below the maximum allowable appropriation limit and in compliance with State Law.

Fiscal Impact

There is no financial impact associated with the adoption of this Resolution. The City expects to receive approximately \$7,582,596 less in taxes than is allowed under the appropriation limit. If tax proceeds received are determined to exceed the limit, such revenues in excess must be returned to the taxpayers of the City of Brisbane in accordance to the procedures directed by the City Council.

Measure of Success

The City is able to meet the needs of the Community while abiding by the Appropriation (Gann) Limit.
