Date of First Extension	

Provisions of Zoning Ordinance (If Known)
--

Maximum size & height of accessory structure (Article IV Sec. 28-111) and Special Use permit standards for structures in residential zones in the flood zone greater than 25 feet above grade (Article V Sec. 28-150 eee)

Describe the extent of the proposed alterations and the reasons for the requesting relief

Demolish existing structure (Existing overall building extents: 40'-4" x 43'-3 1/2"; Area: 1,283 Gross SF; Height: 12 feet +/-) & rebuild to match original footprint with an added second story (Proposed overall building extents: 41'-2" x 44'-4"; Building footprint: 1,370 SF; Total Building Area: 2,380 Gross SF; Building height: 31 feet +/-). Proposed structure will be elevated to be located out of the flood zone & moved slightly west to minimize impact on CRMC 50-Ft coastal feature setback.

Relief is requested from **Article V Sec. 28-150 eee 4a**. The second floor area is greater than two-thirds of the first floor area. The second floor area is 74% of the first floor area. Although, the overall building design meets the intent of the provision.

Zoning Board of Review

DECISION FOR VARIANCE

FILE # 2021-32

RE: Application of: Joseph M. Brito, Jr.

For property located at 161 Poppasquash Road, in Bristol, Rhode Island (Tax Assessor's Plat 182, Lot 7) in the following zoning district: Residential R-40.

This matter was heard before the Board at a public hearing on July 12, 2021 upon the Applicant's request for DIMENSIONAL VARIANCES from the Zoning Ordinance to:

Demolish an existing residential guesthouse structure and construct a 41ft. 2in. x 44ft. 4in. x 31ft. high accessory bunkhouse / boathouse structure at a size and height greater than permitted for accessory structures in a residential zoning district.

After due consideration of the Application, (including the exhibits, testimony of the witnesses, and the entire record presented to the Board), the Board makes the following findings of fact:

- 1. The aforementioned hardship is due to the unique characteristics of the subject land and structure, and is not due to the general characteristics of the surrounding area.
2. The hardship is not the result of any prior action on the part of the applicant, nor is it due to any economic disability on the part of the applicant or any desire on the part of the applicant to realize greater financial gain.
3. The granting of relief would not alter the general characteristics of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the Comprehensive Plan of the Town of Bristol.
4. The variance granted by the Board is the least relief from the provisions of the Zoning Ordinance necessary to remove the aforementioned hardship.
5. The hardship that would be suffered by the owner if the dimensional variance were not granted would amount to more than a mere inconvenience, as the existing structure does not contain sufficient room for his growing family, and renovation of this structure would not address flood zone issues.

Therefore the Board voted 5 to 0 to approve the application as presented permitting the construction of a construct a 41' 2" wide x 44' 4" long x 30' high accessory bunkhouse / boathouse structure.

Voting to Approve: Asciola; Burke; Simoes; Brum; and Kern
Voting to Deny: None
Making a part of this Decision the application, along with required materials, plans, and exhibits filed with the Board at the meeting, and excerpts of the public hearing minutes.

Recorded as the Decision of the Town of Bristol Zoning Board of Review on

This _____ day of _____, 2021.

Diane M. Williamson, Director of Community Development

12 JULY 2021

4. **2021-32**

JOSEPH M. BRITO, JR.

**161 Poppasquash Rd.: R-40
Pl. 182, Lot 7**

Dimensional Variances to demolish an existing residential guesthouse structure and construct a 41' 2" x 44' 4" x 31' high accessory bunkhouse/boathouse structure at a size and height greater than permitted for accessory structures in a residential zoning district.

Mr. Douglas Kallfelz, Architect and Mr. Joseph Brito presented the Petition to the Board. Mr. Kallfelz explained that on Mr. Brito's property has the main house and the property they would like to renovate is the existing small building down close to the water. The existing condition is a separate stand-alone residence with a kitchen, bathroom and two bedrooms. That building is largely used as a guest bunkhouse for his family and guest, which was existing when he purchased the property years ago. The existing building is in need of repair and more importantly was set below the existing flood zone and is now in harms way; so, they are looking to make it more feasible for use as a guest/bunkhouse and also protect it from the coastal environment. The Brito family has grown, and the two existing bedrooms are not really sufficient for their needs. The goal is to lift the structure out of the flood zone and expand the use to accommodate their needs. They would like to keep the footprint largely as it is, not to expand the footprint of the building in a sensitive coastal environment. Bring the building up and out of the flood zone and move it back a bit off the CRMC coastal feature and see if they can improve the location on the site, while providing the amenity that they are looking for. It is obviously an accessory structure, and the existing footprint is now larger than what the zoning allows for and they are asking for dimensional relief for the modified footprint of the building. They have spoken with CRMC and while it is a grandfathered condition and could be left where it is, they did encourage them to slide it back, which they did with trying to respect the existing

12 JULY 2021

conditions on the property. He noted that the height and positioning of the proposed building will have a de minimis impact on the surrounding neighbors.

Mr. Kallfelz reviewed the site plans in detail with the Board.

Mr. Asciola stated that from the plans it seems that Mr. Brito wants to make this less non-conforming, which the Board is always looking for and is a plus. This is a small very modest, 87 square feet from the original house.

Mr. Burke stated that the total property seems to be 6.2 acres and then two other addresses that abut the property. Mr. Kallfelz stated that he believes that is the case and how it is listed on the tax card. Mr. Burke stated that it is a substantial property and for him, he agrees that the application has plenty of information in it and has no further questions.

Mr. Kern asked if the proposed positioning of the house would bring it out of the flood zone. Mr. Kallfelz explained that they have elevated the bunkhouse above the flood zone and again reviewed the site plan showing the proposed location.

In response to questioning by Mr. Simoes on the height, Mr. Kallfelz explained that it will not be within the height limit for an accessory structure, which is 20'; and this is a two-story structure and will be taller than but will bring it out of the flood zone at 31'.

Mr. Greg Snider, Architect stated that he thinks the proposed structure is beautiful and thinks it will enhance the regional vernacular of Poppasquash Road and is in favor.

Mr. Burke stated that there was a similar application similar to this an oversized accessory structure and they weren't receptive. However, that was new construction. This is a legal non-conforming use and as pointed out it is asking for renovation. The applicant does need more space and its actually reducing the non-conformity and its addressing both the flood zone and the CRMC issues.

12 JULY 2021

Mr. Brum stated that to confirm that the property is proposed to be strictly domicile with no kitchen, its just bathrooms and bedrooms and living space. And it is replacing an existing structure and is only 87 square feet larger than the existing structure. The change in elevation would strictly be by gradient higher up in the lot. The first floor itself wouldn't be raised up any higher, there wouldn't be any change in grade or anything to that effect. Mr. Kallfelz stated that the first floor of the structure will be raised from existing, because the first floor of the structure is currently below the flood elevation, and they are trying to mitigate that by lifting it out. Mr. Brum stated that what he meant was that by moving it forward, away from the water, it is elevating the house without changing the grade of the property. Mr. Kallfelz stated he was correct.

Mr. Burke mentioned that there will be no kitchen facility and that's another reason he would support it.

Mr. Tanner noted to clarify when talking about building height. It was mentioned that the maximum height for an accessory structure is 20', which is correct in most of Bristol. However, State Law changed a year or so ago and the Town has now incorporated it into the new Zoning Ordinance Amendment that was adopted by the Council in January. When you have a structure in the flood zone, by Law, building height is measured at the base flood elevation with up to five feet of free board. By his calculations, he believes that their maximum height without any variance will be 26' because of the flood zone elevation. He believes this would only require five feet of relief.

X X X X X

MR. BURKE: Mr. Chairman, I'll make a motion to approve application 2021-32, Joseph M. Brito, Jr. at 161 Poppasquash Road to demolish an existing residential

12 JULY 2021

guest house and construct a 41' 2" x 44' 4" x 30' high accessory bunkhouse and boathouse structure, at a size greater than permitted for accessory structures in a residential zoning district. In this zone, the actual accessory structure dimensions are 26' x 28'; therefore, in two dimensions it would be a 15' and a 16' variance required. And the height, given the new flood zone regulations, it requires a 5-foot height variance. The hardship from which the applicant seeks relief is due to the unique characteristics of the subject land or structure and not to the general characteristics of the surrounding area, or to an economic disability of the applicant. What the applicant is doing as he renovates this building that was built according to the testimony, built in the 1950's, he's also addressing flood zone issues. The hardship is not the result of the prior action of the applicant and does not result primarily from the desire of the applicant to realize greater financial gain. We heard testimony that it's to accommodate his growing extended family. That the granting of the requested dimensional variance will not alter the general characteristics of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the Comprehensive Plan of the Town Bristol. This is a 6.4-acre parcel, the building already exists, and as was pointed out by some of the comments, it will actually enhance the surrounding area. That the relief requested to be granted is the least relief necessary. From an architectural standpoint, they have addressed a number of issues and will still provide the utilization that the applicant requires. The hardship that

12 JULY 2021

will be suffered by the owner of the subject property if the dimensional variance is not granted will amount to more than a mere inconvenience, because the flood zone issues will not be addressed. As a condition, per the application, there will be no kitchen facility in the newly constructed residence. I so move.

MR. BRUM: I'll second.

MR. ASCIOLA: All in favor? (Roll Call)

MR. BURKE: Aye.

MR. SIMOES: Aye.

MR. BRUM: Aye.

MR. KERN: Aye.

MR. ASCIOLA: Aye.

**AFFIDAVIT OF AUTHORIZATION OF AGENT
FOR VARIANCE APPLICATION**

State of Rhode Island
County of Bristol

I, Joseph Brito (“Owner”), the legal owner of the property located at 161 Poppasquash Road, Bristol Rhode Island (Assessors Plat/Lot: 182-7) “The Property” hereby authorize Union Studio Architecture and Community design (the “Agent”), an architecture firm with a principal place of business at: 160 Mathewson Street, Suite 201, Providence, RI 02903, to act as my authorized agent relating to the preparation & submission of an application for a **dimensional variance** before the **Town of Bristol Zoning Board of Review**.

1. Scope of Authority

This authorization includes, but is not limited to, the authority to:

- Prepare and submit all required applications, plans, and supporting documents;
- Communicate with municipal staff, boards, and officials;
- Attend hearings and meetings on my behalf;

2. Term of Authorization

This authorization shall remain in effect until the conclusion of the zoning application process, unless earlier revoked by me in writing.
