My name is Lynn Boudreau I have been a Bristol homeowner at 36 Harrison Street for 33 years. I am requesting permission to maintain a structure to support six mailboxes on town property. Years ago there were two separate groups of mailboxes, a few falling down and in need of repair, located on both the east and west corners of my property. At that time with permission of the both the town offices and US post office the two groups were combined into one group of six mailboxes currently located on the west corner of my property. I paid to have that structure built and I have accepted the burden of accommodating an area for six neighbors mailboxes. The structure is 5' wide by 23" deep and 51" high. I have always kept my property well maintained. I hire a high school boy from the neighborhood to cut my grass which includes the area around the mailboxes.

I understand the town owns a 7' right of way from the road on Harrison St. which is where the mailbox bay is located on the north west corner of my lot. It is also my understanding that the property owner is allowed to maintain the set back area around their property. I have had more than one incident with a neighbor taking it upon himself to weed whack the area around the mailboxes even though I have asked him not to do so. Recently on June 25th, 2025 after an altercation with this neighbor I had to call the police. The police report is a record of the incident where I felt threatened and includes a directive for both parties not to speak to each other. This was not the first time that I had to call the police because of problems with this neighbor.

This most recent incident 'he waited till I was gone' but I returned before just as he was about to start. It makes me wonder what else is happening when I am gone and does he feel entitled to maintain all of the 7' right of way 'technically town property' on two sides of my corner lot? I also wonder what if something happens while he is weed whacking the area between the road and my property, is that something that I can become liable for if there is an accident?

I also would like to mention that years ago when the six boxes were relocated there were no other mailboxes up around the Harrison St. loop. There has been development in the neighborhood and currently there are two other mailbox locations that are closer to where his property is located.- His property is not the one that abutt's the area by the mailboxes it is around the corner behind my lot.- I am not trying to create problems in the neighborhood rather I am trying to settle an ongoing problem and avoid any future incidents where I feel threatened to the point where I am required to call the police.

Thank you for your time and consideration on this matter.
Lynn Boudreau
