RE: Petition for License to Maintain - Normand Street

*Diane M. Williamson*

In review of the above petition for the license to maintain, it is noted that the request is for a license to maintain a portion of Spruce Lane including paving a 25' x 40' section at the end of Spruce Lane where it intersects with Normand Street.

I do not recommend granting this license to maintain. If this portion of street is paved it would need to be accessible for the public and maintained by the Town not an abutting property owner. Paving would also have to consider drainage plans.
