PETITION TO THE TOWN COUNCIL

To the Honorable Town Council of the Town of
Bristol: The undersigned hereby respectfully
requested of your Honorable Body that:

Stone Harbour Condominiums requests a safety review of the egress from 343 Thames St. Residents have difficulty seeing oncoming vehicles, especially those traveling north, when large SUVs or trucks are parked adjacent to the curb cut. The same condition exists on the south side.

We have a convex traffic mirror to assist drivers. While there have been no reported accidents, we proactively ask the appropriate Town department to assess options to minimize potential accidents.

There are 12 foot striped no-parking markings on each side of the curb cut. Extending that no-parking area by 6 feet would help the sight lines and might not impact the Thames Street parking. (Since on-street parking is not striped, it is difficult to determine the impact.)

Please see the attached photos

We also request no-parking buffer zones at the entrance/exit to our parking lot at 345 Thames. Presently, vehicles can park up to the driveway.

PLEASE NOTE:

Please ensure that your petition is submitted by 4:00 PM, two (2) Wednesdays before the Town Council meeting scheduled for

in order to be included on the docket. According to Council policy, petitions cannot be addressed unless recommendations, if needed, from the relevant departments are received before the Council meeting

Hello Howard,

I'm relieved that we are seeking advice regarding exiting our parking lot safely.
It's a challenge to exit often.

I've included photos of cars I often see parked making it very difficult to exit.
In addition to that, my son sometimes visits Independence Park and he crosses our driveway praying that it is safe, especially when cars are parked as in the photo leaving a slowly moving wheelchair or anyone crossing difficult to see.
As always, thank you for your caring all your hard work.
