**RE: Draft Update to the Zoning Ordinance for Accessory Dwelling Units
Relative to Revised State Legislation**

The Solicitor has provided a draft of the proposed update to the Accessory Dwelling Unit Ordinance in accordance with the new State law. Attached is a copy of the existing ordinance, a copy of the first draft showing redlines, and a clean copy of the draft revisions.

We will be discussing this with the Board at the January meeting to review the updated State Law and to get your feedback on the draft.
