RE: Review of Sidewalk Use License: Robertos' 450 Hope street

I have reviewed the sidewalk use application for Robertos' restaurant, at 450 Hope Street. Upon review I found that under the new ownership, a sidewalk use site plan was submitted to use the area closest to Hope street between the town planted trees. This site plan was actually the site plan submitted by the prior ownership for the Covid-19 sidewalk outdoor dining relief.

I would comment that this area may be too congested to seat 4 more tables.

I would however RECOMMEND the prior outdoor seating chart that was submitted in 2019 and prior, (see attached) which seats 6 tables along the east side of the sidewalk next to Robertos' building itself.

Sincerely,

  
Raymond C. Falco  
Code Compliance Coordinator
