Basic Information

Name

Ms, Carly N Reich

I would like to be appointed to the position because:

As an active member of this community and an impassioned environmentalist and forward thinker, I believe I have the experience and insights necessary to make informed decisions and advocate for the needs of our community and environment as a member of the Conservation Commission. I am also a school committee member, parent of BWRSD children, and an entrepreneur within the sustainable garment industry. In addition to being a mental health therapist by training, though not practicing, I am a member of the BHEZ and value my work there and the mission of BHEZ. I look forward to discussing my qualifications if considered for this commission.
