

February 17, 2024

To the Historic District Committee,

I give my permission to Mr. Robert McCabe to request replacement of three skylights at our home at 90 High Street, Bristol, Rhode Island. The replacements will be exactly like our current skylights with the exception of adding hinges. They are being replaced because they were previously installed without hinges and are unsafe. Mr. McCabe also has our permission to request removal of our current roof shingles and replace them (same color) at 90 High Street.

Many thanks,  
*Carol Tihen*
