**Re: Municipal Accessible Parking**

Dear Members of the Bristol Town Council,

The purpose of this communication is to update you that the seven accessible spaces on lower State Street and at the municipal parking lots on State Street and Thames Street have been brought into the required accessibility standards. The painting, signage, and curb stop installations are complete.

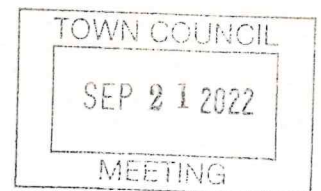

A striping contractor completed the painting of five spaces and the DPW completed all vertical posting, installation of curb stops, and remaining parking space painting. The cost of the contracted work is \$725.00. Below are two photographs of the new spaces for illustration.

Sincerely,

  
Steven Contente  
Town Administrator
