Description of proposed work:

This application reflects minor updates to the previous approved application. The new scope includes the following:

- Extended hardscaping north of the pool house for a cooking space. There will be no built-in kitchen/ appliances, only the client's existing freestanding, typical rolling grill and smoker.
- A stained wood pergola over this cooking area.
- A bocce court, which is located directly south of the existing stone wall.
- A freestanding hot tub adjacent to the house, west of the pool
- The pool house outdoor seating area (under cover via the pool house roof) has been extended by 2 ft. The pool house footprint (interior space) has not changed, nor has it been extended. To accommodate the extra 2 ft of outdoor seating width, the pool has been shifted closer to the house, and the originally proposed setback from the pool house to the lot line remains unchanged.
- The existing front porch wraps around the southeast side of the house, and a new stair has been added for access to the rear yard and new pool.
- The applicant requests a continued discussion on whether the old diary building can be demolished
