

ARROWSTREET

Blithewold Manor & Gardens

FERRY ROAD SIGNAGE

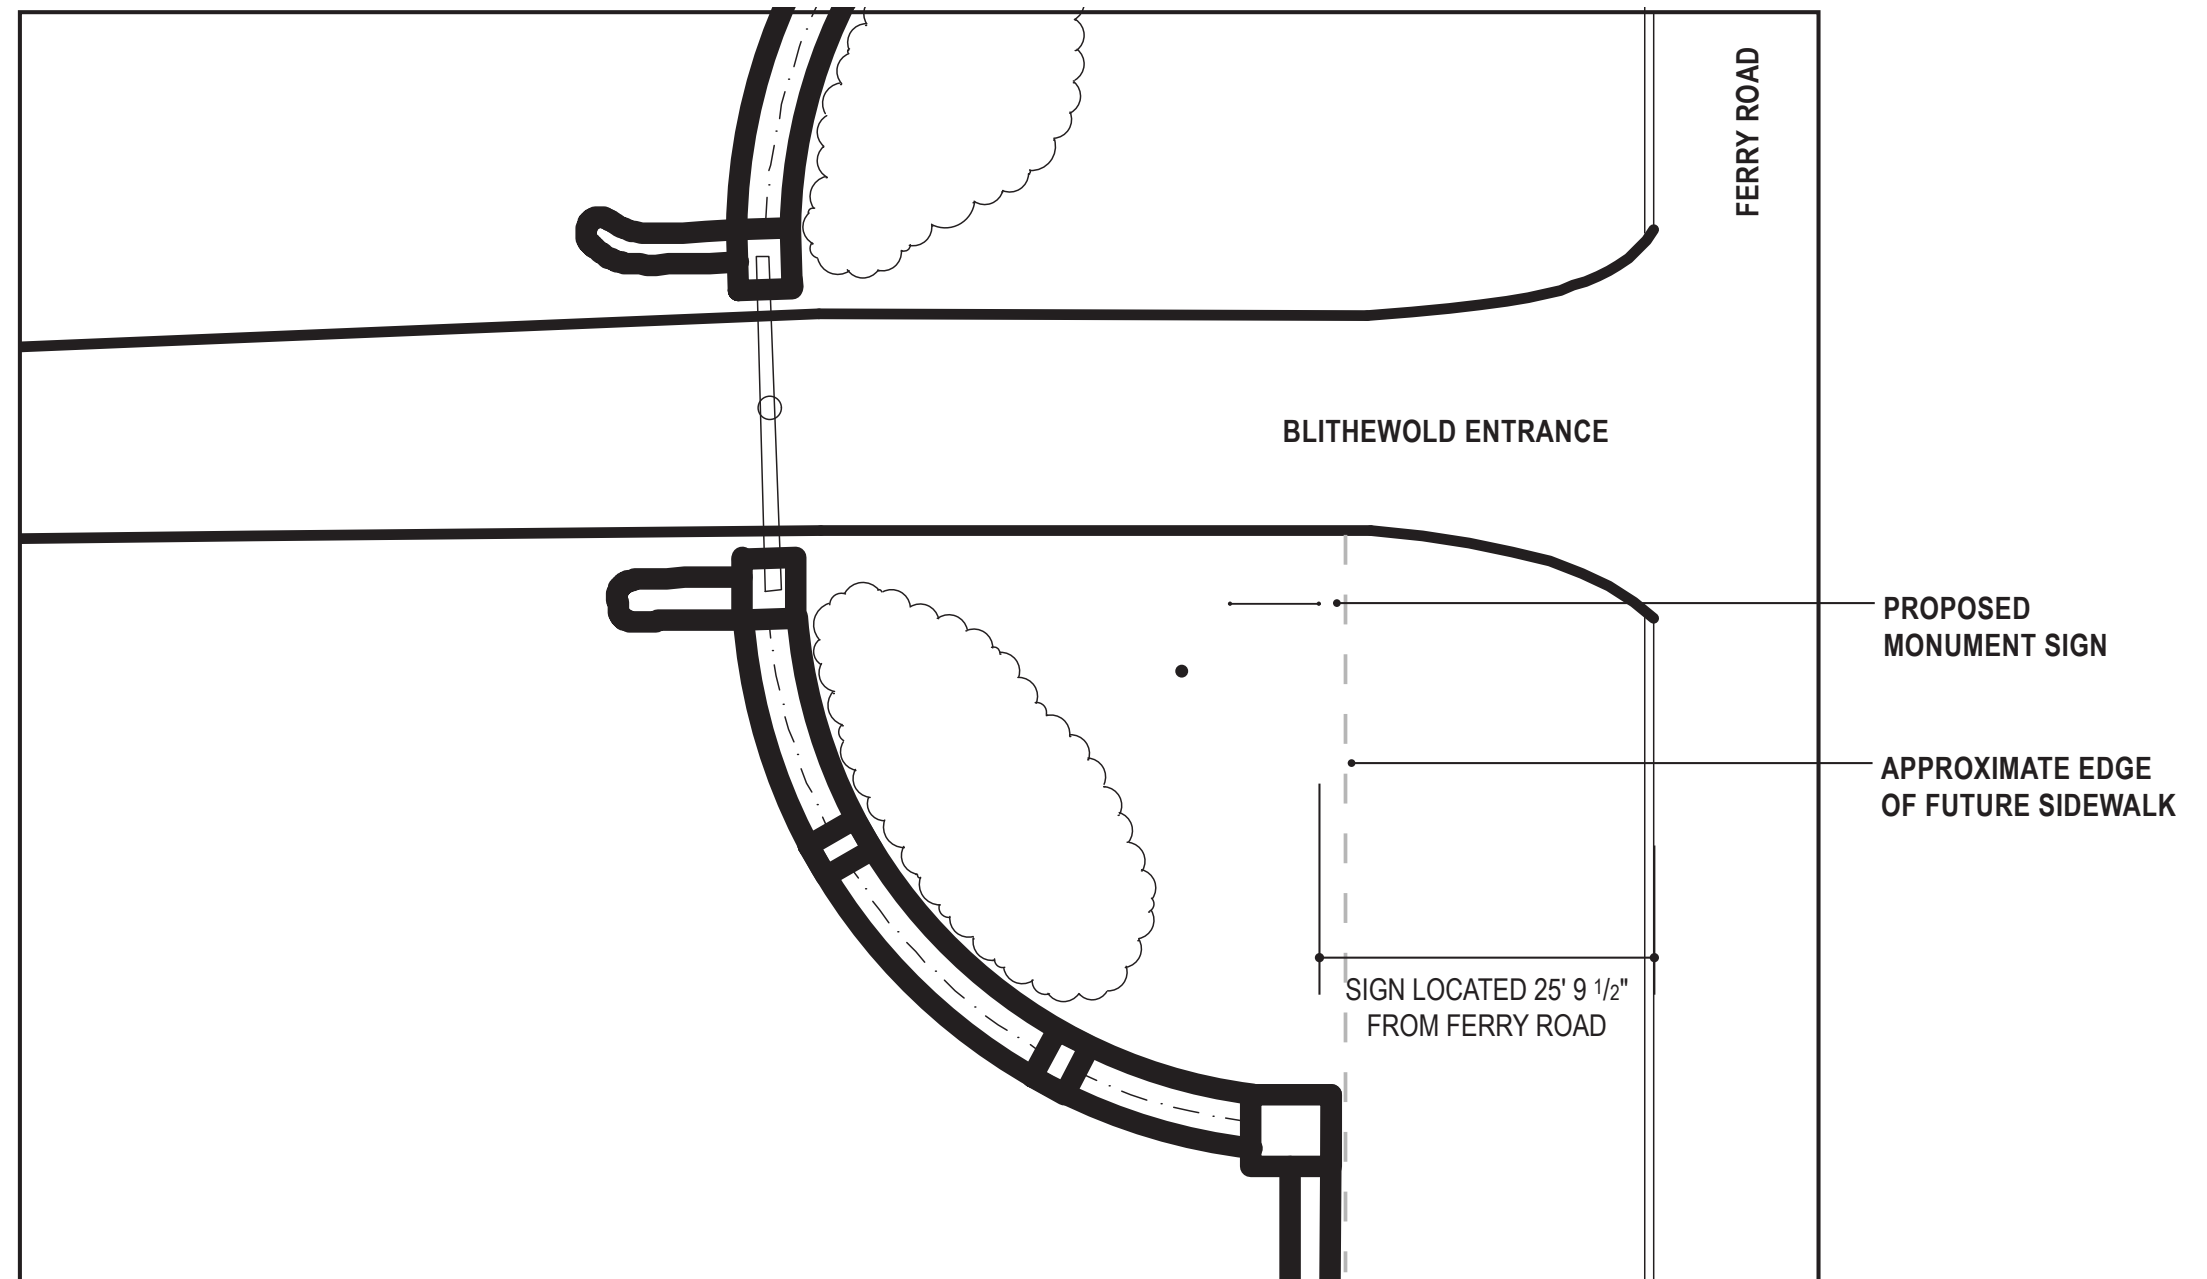

MAIN ENTRANCE SIGN OVERVIEW

- » The sign at Blithewold's main entrance will be a **metal fabricated sign** with a high-quality painted finish to withstand the elements.
- » The graphic panel will utilize a **Direct Embed process** for long-term performance without peeling or fading.
- » The sign will be securely installed with **concrete footings** for stability.
- » The panel will be **externally illuminated** for visibility at night.
- » The **size of the panel** on the new sign is **roughly the size of the existing sign**.

MAIN ENTRANCE SIGN LOCATION

- » The proposed location for the Blithewold main entrance sign is on Blithewold's property, **centered between the existing light pole and the drive lane.**
- » The sign will be set approximately **2 feet from the future sidewalk** and about **25 feet 9½ inches from the edge of Ferry Road.**
- » Final placement **will be confirmed during a site visit** by the sign fabricator to account for field conditions.

**MAIN ENTRANCE SIGN
RENDERING**

Please note: Sign location and size in rendering is approximate. Rendering for reference only.

HORTICULTURAL OFFICE & GREENHOUSE SIGNS OVERVIEW

» The signs identifying Blithewold's Horticultural Office and Greenhouse will be **metal panels utilizing a Direct Embed process** for long-term performance without peeling or fading.

» The signs will be securely mounted to the wall.
