

TOWN COUNCIL

MAY 10 2023

MEETING

TOWN CLERK'S OFFICE
BRISTOL, RHODE ISLAND

H1E

Dear Melissa and Town Council,

2023 APR 27 AM 10:19

I want to share my feelings on how the Town Marina has impacted our lives.

My husband has been a member for 40 years, myself, 24 years of the Bristol Elks lodge. We have been boat owners most of our lives.

Last summer we could not use the docks at the Bristol Elks Lodge for it has become too dangerous since the Town Marina was installed. The safety of docking our boat, or any boat for that matter, is of great concern. The water hits the break wall at the Marina and slams back into the docks at the Elks. It's a constant battle trying not to get thrown off the dock while trying to tie up, not to mention the damage taking place to our boat.

The Bristol Elks Lodge has done and continues to do a lot for the community. I am asking the Town Marina project coordinators to look and consider their neighbors. This didn't seem to be in the eyes of the project manager when it was built, and it needs to be now as this has put lives and personal property at risk.

April 24, 2023

Thank-You

Lina Mauck
