NOTICE OF PUBLIC HEARING PERSUANT TO THE BRISTOL ZONING ORDINANCE

Notice is hereby given by the Zoning Board of Review
that a Public Hearing will be held in-person at:
Bristol Town Hall
10 Court Street, Bristol, RI 02809
June 2, 2025 at 7:00 p.m.

In regards to the petition of:

Applicant: Scott Davis
Owner of Record: Scott M. Davis
Location: 5 BARBARA DR , BRISTOL, RI, 02809
Plat: 150 Lot: 111
Zoning District: R-15

Applicant is requesting **Dimensional Variances** under the Zoning Ordinance as follows:

to construct additions to an existing single-family dwelling, including a 30ft. x 48ft. two-story garage and accessory dwelling unit (ADU) addition, with less than the required lot area for an ADU within a new structure, greater than permitted size for a two-bedroom ADU, less than the required rear yard, and less than the required right side yard.

A handwritten signature in black ink, appearing to read "Ed M. Tanner".

Edward M. Tanner
Principal Planner / Zoning Enforcement Officer

Scanned copies of all applications and supporting materials will be available on the Town of Bristol website at <https://bristol-ri.municodemeetings.com/>. If you have any comments regarding this petition, but are unable to attend, you may submit your comments in writing to the Zoning Board via regular mail addressed to: Zoning Board of Review, Bristol Town Hall, 10 Court Street, Bristol, RI 02809 or via email to etanner@bristolri.gov.

Provisions of Zoning Ordinance (If Known)
-Proposed setbacks for right side yard of 14ft. -Proposed setback for rear yard of 33ft -5000sqft Variance on lot size required for ADU -475sqft variance size for square footage of ADU

Describe the extent of the proposed alterations and the reasons for the requesting relief

-Setback variances are being requested in order to allow enough space in the garage and in-law apartment above it to allow for an elevator, appropriate clearances for future wheelchair access (using guidance from ADA) and general ease of maneuverability that would allow aging parents to live comfortably.

-R20 zoning which allows for the 20000sqft required for an ADU represents a tiny percentage of land in Bristol. This ordinance disqualifies more than 90% of the town from attempting to provide a home for immediate family in need.

-Request for size variance goes in hand with setback variance. While designing, the main focus was allowing free movement and ease of use. As example, bathrooms are large with curbless showers to eliminate slips and falls; Foot print increased to allow for an elevator that can accommodate a wheelchair; enough space in the garage to exit vehicle and safely maneuver to the elevator etc..

(c) (1) *Standards for relief.* The following shall be standards for relief:

Variance. In granting a variance, the board shall require that evidence to the satisfaction of the following standards be entered into the record of the proceedings:

a.

That the hardship from which the applicant seeks relief is due to the unique characteristics of the subject land or structure and not to the general characteristics of the surrounding area, and not due to an economic disability of the applicant; **Structure size is essential to providing a safe and long term housing solution for aging parents and allows independence and forestalls the need for assisted living.**

b. That such hardship is not the result of any prior action of the applicant; **No**

c.

That the granting of the requested variance will not alter the general characteristic of the surrounding area or impair the intent or purpose of this chapter or the comprehensive plan of the town; **It will not. Current lot coverage is 6% and proposed is 20%, below the required 25% of r15 zoning. Bristol Architect firm has been hired to make sure the proposed addition is aesthetically pleasing and fits with the neighborhood/Town. Materials for construction and siding have been chosen purposefully ex. cedar siding.**

d.

The board shall, in addition to the above standards, require that evidence be entered into the record of the proceedings showing that:

1.

~~In granting a use variance, the subject land or structure cannot yield any beneficial use if it is required to conform to the provisions of this chapter. Nonconforming use of neighboring land or structures in the same district and permitted use of land or structures in an adjacent district shall not be considered grounds for granting a use variance; and~~

2.

In granting a dimensional variance, that the hardship that will be suffered by the owner of the subject property if the dimensional variance is not granted shall amount to more than a mere inconvenience, meaning that relief sought is minimal to a reasonable enjoyment of the permitted use to which the property is proposed to be devoted. The fact that a use may be more profitable or that a structure may be more valuable after the relief is granted shall not be grounds for relief. **If dimensional variance is not granted, I will not be able to accommodate my elderly parents thus denying them independent living and forcing us to move toward assisted care. I believe my request adequately demonstrates relief sought is minimal to a reasonable enjoyment of the property.**

Bristol Zoning Board,

My name is Scott Davis of 5 Barbara Dr, Bristol. I am writing to explain my request for a dimensional variance and impress upon you the importance of granting it.

My parents, Pam and Guy Davis, are residents of Lincoln, RI and have begun to feel the strain of maintaining a household as they age. My father, who is 87, has begun to have mobility issues and has suffered from complications due to prostate cancer. As his mobility has decreased, he has begun to fall more frequently, one incident left him in the hospital for 5 days. Last Christmas, my mother approached me and let me know the house in Lincoln was getting to be too much to handle. Being the good son I try to be, I investigated different ways to accommodate them and allow continued independent living.

What I propose allows them to do just that. The design incorporates ADA recommendations, an elevator that will fit a wheelchair, 42" clearance around counters and furniture, we've allowed for generous sized bathrooms with curbless showers and grabrails, a garage with clearance enough to maneuver a wheelchair around parked cars and many more future proof designs. With all our accommodations considered, it has caused the footprint of the proposed building to expand but I feel it is required to allow them the comfortable and safe living they deserve with me just steps away to assist.

I have partnered with Pacific Visions architects, a Bristol firm with RWU alumni, to make sure the building is aesthetically pleasing, fits with Bristol/New England design, and assures it is a welcome addition to our beautiful neighborhood. Materials will be chosen purposefully (i.e cedar shake siding) to further allow the building to seamlessly blend with the surrounding homes.

My parents are thrilled at the thought of becoming Bristol residence. Thank you in advance for your thoughtful consideration.
