NOTES:

After reviewing this petition request, the police department has not handled any calls for service related to poor street lighting in this area during the past year. A night check of the area was conducted, locating Pole #23 which is located on the west side of High St., just North of State St. has a working streetlight. North of this utility pole is Pole #21 in front of 281 High St. which has a streetlight but appears to be inoperable. This location is diagonally north across from 274 High St. located on the west side of the street. A third Utility Pole # 20 is in front of 291 High St and has a working streetlight. DPW has been notified regarding the inoperable light and will be scheduling a repair. Additional lighting should not be approved until this repair is made.
