Dear Ed,

We are traveling and cannot attend the Zoning Board meeting next week.

The Zoning Board's mission is to protect and promote the Town of Bristol's land use goals by ensuring that development and land use align with zoning regulations. A lot of thought, time, and energy went into drafting these regulations. They ensure a consistent, long-term perspective in the community.

Out of respect for the neighborhood and particularly the abutting neighbors, we think that the zoning regulations, should be followed. We are particularly concerned about placing new construction closer than the setback restrictions, and the overall mass of the building on this relatively narrow property.

Thanks,
Chris & June Bjerregaard
