NOTES:

Dennis Isadore of 19 Congregational Street is requesting an accessible parking space be created in front of his residence to assist with parking. Director Parella and I met with Mr. Isadore to discuss his request. Mr. Isadore stated that he has two vehicles in his household and the second vehicle is kept parked in the street, which is at times far from his residence due to a shortage of available parking spaces. It should be noted that Mr. Isadore has off-street parking for two vehicles in his driveway. After reviewing this petition, it is my recommendation to deny this request due to ample off-street at the residence. Mr. Isadore was informed of our findings, and he was very understanding with our decision.
