

Lafayette Marker materials list:

The marker will measure 2' by 3' and will be fashioned from cast aluminum. It will be two sided.

The pole will be 7' tall and constructed of aluminum. 3' of the pole is expected to be underground following installation.

The marker will include the logo of the Lafayette Trail Revolutionary War marker program and the byline of the William G. Pomeroy Foundation. There will not be a reference to the Daughters of the American Revolution.
