Hi Rob,

Firstly, I hope everything is okay after the emergency you encountered last evening.

For the record, we provided the council with confirmation that your email was received and that you could not make the meeting due to an emergency.

In regards to last night's meeting, I wanted to inform you about the outcome regarding the class C license matter.

The council voted to continue the discussion of the class C license matter to the next council meeting scheduled for May 29th. Some stipulations related to the class C license require further clarification and modification, which will be addressed during the upcoming meeting on 5/29.

Additionally, the council has requested that you provide them with a detailed plan outlining how and what food will be served to patrons. They are looking for a comprehensive and detailed plan in this regard.

Please let me know if you have any questions or if there's anything else I can assist you with regarding this matter.

Best regards,

Melissa Cordeiro

Hi Melissa

We are unable to attend tonight's meeting as we are tied up with an emergency in NJ. Our apologies to the council as this was unforeseen. Our position remains to pursue the Class C license with prepared food from local vendors available at the park along with beer and wine sales for our patrons. We have not seen any language regarding the Class C license to review but are hopeful this is what comes from tonight's meeting or if pushed to next meeting. Thank you.
