DECISION FOR VARIANCE

FILE # 2024-04

RE: Application of: Larry Goldstein / TSL, LLC

Property Owner: TSL, LLC

For property located at 267 Thames Street, in Bristol, Rhode Island (Tax Assessor's Plat 9, Lot 50) in the following zoning district: Waterfront (W).

This matter was heard before the Board at a public hearing on March 4, 2024 upon the Applicant's request for a DIMENSIONAL VARIANCE from the Zoning Ordinance to:

Modify exterior walls and roofline of a portion of the existing Bristol Harbor Inn hotel building and construct eight (8) new hotel rooming units on the third floor of the structure with less than the required lot area per rooming unit.

After due consideration of the Application, (including the exhibits, testimony of the witnesses, and the entire record presented to the Board), the Board makes the following findings of fact:

1. The aforementioned hardship from which the applicant seeks relief is due to the unique characteristics of the subject land or structure and not to the general characteristics of the surrounding area, and is not due to an economic disability of the applicant. This property is an historic waterfront location containing several buildings with a mixture of uses. The existing Bristol Harbor Inn hotel occupies portions of several building on this property and the applicant proposes to add eight (8) additional hotel rooming units, for a total of 71 units. This number of rooming units requires a minimum lot area of 106,500 square feet in the Waterfront zoning district; whereas this lot contains only 74,488 square feet of area. This location is designed for hotel rooming use, and it is currently being utilized for that use. As the need for rooms increases, this is one way for the applicant to satisfy that requirement. The addition rooms would be located within a portion of the existing building footprint and would only require building modifications to raise the roof on a portion of the structure.
2. The hardship is not the result of any prior action of the applicant. The applicant purchased the property after it was originally developed, and there are ongoing business concern and they are reacting to market conditions and changing economic conditions to the commercial part of the building.
3. The granting of relief will not alter the general characteristic of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the Comprehensive Community Plan of the Town of Bristol. Hotels are an allowed use in the Waterfront zone. In fact, it will enhance the capability of the Town of Bristol to attract guests and business to the Town. This property is located within the Bristol Historic District Overlay, and the proposed building modifications have been approved by the Bristol Historic District Commission (HDC).
4. The hardship that will be suffered by the owner if the dimensional variance is not granted would amount to more than a mere inconvenience, meaning that relief sought is minimal to a reasonable enjoyment of the permitted use to which the property is proposed to be devoted, because the growth of the property would be stagnated.

Therefore the Board voted 5 to 0 to approve the application as presented permitting the construct eight (8) new hotel rooming units within a portion of the existing Bristol Harbor Inn hotel building.

Voting to Approve: Asciola; Simoes; Brum; Burke; and Kern

Voting to Deny: None

Making a part of this Decision the application, along with required materials, plans, and exhibits filed with the Board at the meeting, and excerpts of the public hearing minutes.

Recorded as the Decision of the Town of Bristol Zoning Board of Review on

This 9th day of April, 2024.

STAFF REPORT FOR:

FILE NO. **2024-04**

APPLICANT: Larry Goldstein / TSL, LLC
LOCATION: 267 Thames Street
PLAT: 9 LOT: 50 ZONE: Waterfront (W)

APPLICANT IS REQUESTING A DIMENSIONAL VARIANCE TO:

Modify exterior walls and roofline of a portion of the existing Bristol Harbor Inn hotel building and construct eight (8) new hotel rooming units on the third floor of the structure with less than the required lot area per rooming unit.

COMPREHENSIVE PLAN REVIEW:

As this application is for a dimensional variance, it does not require review by the Planning Board per Section 28-409(b) of the Zoning Ordinance.

FINDINGS AND RECOMMENDATIONS BY STAFF:

The applicant is requesting a dimensional variance to add eight (8) new hotel rooming units within a portion of the existing Bristol Harbor Inn building at the "Thames Street Landing" complex located on the westerly side of Thames Street. Proposed alterations would be conducted on the second and third floors of the "Bank of Bristol Addition" building located in the middle portion of the site. Proposed modifications to the building include raising the exterior walls and roof height and constructing new roof dormers on the third floor. Existing window locations on the second floor would remain as this area is elevated. The proposed addition would allow for construction of eight new rooming units on the third floor of the building. Proposed alterations would expand the existing Bristol Harbor Inn hotel from the 63 existing rooming units to a total of 71 rooming units.

The proposed hotel use is a permitted use in the Waterfront zoning district. However, the zoning ordinance requires 1,500 sq. ft. of lot area for each rooming unit (this requirement was reduced in 2020 from the previously required 2,000 square feet per rooming unit). The existing 63 rooms now require 94,500 sq. ft. of lot area and the proposed 71 rooms would require 106,500 sq. ft. of lot area. This property contains approximately 74,488 square feet of land area. The original 48 hotel rooms were approved as part of the original Thames Street Landing development. In addition, the applicant was before the board in 2017 and 2018 (File No. 2017-19 and File No. 2018-35) to construct an additional eight hotel rooms and an additional seven hotel rooms respectively within the Bristol Harbor Inn complex.

In October 1998, the Zoning Board approved the initial Thames Street Landing mixed-use development (File No. 1998-41) on this property. The approval included a variance for off-street parking. The property currently utilizes a total of 118 off-street parking spaces, 54 of which are located on the property, and 64 of which are located on a neighboring property across Thames Street. The initial development received a variance for 31 off street parking spaces. The proposed addition of eight hotel

rooming units would not require any additional off-street parking spaces as many of the previously added rooming units replaced prior commercial space with higher off-street parking requirements. In addition, Section 28-252(b) of the zoning ordinance now exempts service and retail business uses from off street parking requirements significantly reducing the number of spaces now required.

As this property is located within the Bristol Historic District, exterior alternations such as those proposed in this application require approval from the Bristol Historic District Commission (HDC). The HDC has reviewed the proposed alterations and voted to approve the work at their September 2023 meeting.

259-267 Thames St, Bristol, RI (Bristol Harbor Inn)

Plat #9, Lot #40

Application 23-112

Dear Applicant:

At its September 7, 2023 meeting, the Bristol Historic District Commission reviewed your proposed work on the property noted above; the motion on your application was as follows:

To approve application 23-112 as presented to -

To approve application 23-112 as noted to add additional level to eastern wing of structure, windows to be approved by building official.

The Findings of Facts include that this decision conforms to the Secretary of the Interior's Standards for:

9 - New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work will be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

Commission member **John M. Allen** will be your project monitor. If you need to speak with your monitor(s) or are ready for final review of the completed project please call me at Town Hall, 401-253-7000 x153, and I will contact them for you.

The Certificate of Appropriateness, referred to at the meeting as the "Green Sheet", is part of your permit and will be issued on approval. Work cannot begin, nor a building permit obtained, without your signing this document. Once signed and completed, a copy of the Certificate will be sent to you via the online permitting software, authorizing you to begin your work.

Sincerely,

Nicholas Toth

Grounds for Requested Variance for Bristol Harbor Inn, 267 Thames Street, Bristol RI

Variance requested for 8 Additional Rooming Units

1. The applicant is requesting dimensional relief to add eight (8) new hotel rooming units to the 3rd floor of this building, to bring the hotel use on this parcel up to a total of 71 rooming units, which would require 106,500 square feet of lot area. This lot contains approximately 74,488 square feet of lot area; so the variance requested with respect to lot area per rooming unit is 32,012 square feet. The variance would provide for 1,049 square feet per rooming unit rather than the required 1,500 square feet for a variance of 451 square feet per rooming unit. (A variance allowing 1,182 square feet per rooming unit, and 126,000 square feet of lot area, was approved on 09-27-2018 when the required square footage per rooming unit was 2,000 square feet.) The reason the applicant requires dimensional relief is that there are hardships that exist due to unique characteristics of the subject land and their structures located on the property, and not to the general character of the surrounding area. The unique characteristics of the subject land and structures are that this entire mixed-use development is comprised of largely historic colonial buildings, including a former warehouse building converted into a restaurant. It is a very unique setup that is densely developed out, that is mixed-use in nature, and is limited in terms of what can be done with it. The section of the building being considered for the variance -- a portion of the 3rd floor of the main hotel building -- has existing egress and circulation without the 4 rooms on each side. The parcel shares parking with other businesses and that arrangement works well for all parties. No additional parking would be required according to our calculations.
2. The hardship is not the result of any prior action on the part of the applicant. The physical layout of the commercial space is what has been in place for a number of years. The applicant did not build these colonial buildings but is trying to make the best use of them not only for their own benefit, but for the benefit of the unique historic downtown waterfront district, which is significantly important to the town's economic success. This is the only hotel in the East Bay which is significantly undersized. This hardship is not due to an economic disability on the part of the applicant or the desire to realize greater financial gain, but to make the best use of an underutilized area of the existing building. Although it is recognized that the applicant is in fact a business, and seeks to make a profit in the renting of additional hotel rooming units, the conversion of this space on the 3rd floor would contribute to the overall ability of the operator of the hotel to serve the needs of the community.
3. The granting of relief would not alter the general characteristics of the surrounding area or impair the intent or purpose of the Zoning Ordinance or the Comprehensive Plan of the Town of Bristol. From the exterior there will be a small change in appearance to the building, as approved by the Historic District Commission on 09-07-2023. It will not impair the intent of the Town's Comprehensive Plan, which

identifies the need for more economic activity and in particular the available hotel space to serve the tourist and hospitality business overall in the Town of Bristol.

4. The variance granted by the Board is the least relief from the provisions of the Zoning Ordinance necessary to remove the aforementioned hardship. The relief being requested is the least relief necessary and likely to be the last relief for hotel rooms that the applicant can ask for as there does not appear to be any more space that can be converted into hotel rooms, having converted some with previous variances.
5. The hardship that would be suffered by the owner if the dimensional variance were not granted would amount to more than a mere inconvenience, because the applicant would be unable to convert these existing upper floor spaces into additional rooming units, which will be a benefit to the community.
