#### Related Items

#### Crank Lift with Auto-Tilt

Its easy-to-use crank lift mechanism with lock-in-place design makes it easy to open during the day, close after hours or during inclement weather, and store in the off-season. Plus, its automatic tilting feature allows you to use the crank to adjust how the umbrella tilts and create the perfect balance of sun and shade.

#### Solution-Dyed Acrylic Fabric

This fabric is made of 260 GSM, solution-dyed acrylic fabric that is both water-repellent and moldand mildew-resistant. The high-luminosity fabric is also fade-resistant and has UV50+ sun protection to last for 3-5 years. This umbrella also repels dirt and is easy to clean.

#### **Aluminum Construction**

This umbrella's aluminum ribs and 11/2" aluminum pole allow it to be lightweight yet durable to withstand consistent use in your establishment.

### Convenient, Stylish Design

A single vent in this breathable canopy allows air flow to increase stability. Plus, its black color is sure to add a colorful touch to any space, making it perfect for parties, picnics, or other catering events. The included velcro tie keeps the umbrella closed for easy storage.

#### Concrete Bin Block

2'x2'x6' Concrete Bin Blocks are a generic term to describe interlocking, stackable concrete blocks. Made with leftover concrete and a great low-cost alternative to jersey barriers. Concrete Bin Blocks carry many names: Ecology blocks, lug blocks, mafia blocks, knob blocks, v-blocks, waste blocks, storage blocks, and others. Pair this with our Concrete Block Lifter (https://48barriers.com/products/bin-block-lifter/) to easily assemble the structure you need.

Bin Block dimensions vary by location.
