

CRIME CONTROL COMMUNICATION

DATE February 28, 2024

FROM: Kirk Riggs, Chief of Police

AGENDA ITEM: Discuss and consider approval of a Budget Amendment for Fiscal Year 2023-2024 for the replacement of vehicle laptops in an amount not to exceed \$15,000.

SUMMARY:

For the past 13 years, the Bartonville Police Department has relied on the Panasonic CF-31 Toughbook as their in-car computers. We have exceeded the factory warranty and have found these computers to be valuable assets. However, in recent years, we have noticed a decline in their quality, leading to GPS issues that pose safety concerns for our officers.

I propose replacing this outdated technology through the Crime Control and Prevention District (CCPD). Utilizing CCPD funds will enable us to purchase and install the equipment in a single transaction. This comprehensive approach will encompass all necessary training and ensure coordinated installation.

Attached is a quote from MooringTech for consideration by the Board per vehicle:

Equipment breakdown:

Panasonic FZ-55 Toughbook- \$2,850.00.

FISCAL INFORMATION:

Budgeted: NO Amount: \$14,300.00
