In October, the water department met all EGLE monthly water-testing requirements; all results were accepted.

We posted door cards for overdue water bills and shut off water to 15 houses for nonpayment.

We handled several service calls, replacing 4 malfunctioning water meters.

We shut off park and sprinkler water for fall and blew out sprinkler lines with an air compressor.

In October, we completed 65 Miss Dig calls and reports.

We completed fall hydrant flushing to clean the lines and exercise the hydrants.

Craig attended three days of classes covering EGLE’s new operating system and water treatment techniques.

We met twice with Mike from Prein & Newehof about upcoming city projects.
