Dear Heather,

Congratulations on being recommended for a Michigan Natural Resources Trust Fund Grant for your project. This project will be a great asset for your community.

MCSA Group, Inc. has extensive, demonstrated experience in the Final Design, Engineering, and Construction Administration of numerous high-profile MNRTF projects. We are familiar with the development project procedures including plan submittals and reimbursement requirements.

Enclosed is a booklet which highlights a few examples of our numerous experiences, references, and qualifications for the final design and engineering of Trust Fund projects.

Our projects are award-winning and always completed within established schedules and budgets.

We welcome the opportunity to submit a proposal for professional services to assist with the implementation of your project. If we can provide any additional information, please call us at any time.

Sincerely,

MCSA Group, Inc.
