CHEMICAL FEED IMPROVEMENTS

September 23, 2024

Solberg Knowles & Associates – Division of Gasvoda
Zeeland, MI 49464

The firm proposes to perform maintenance and calibration tasks, install new and rebuilt vacuum regulators, remote meters and one new gas sensor associated with the chlorine feed equipment for the City's water distribution system. Upon completion, the system will be returned to service and fully functional.

Total Cost \$ 6,795.00
