BOARD PROCESS & POLICY *Recommendations to City Commission*

Barbara Pitcher, City Clerk City of Buchanan May 24, 2021

Overview

Nearly 100 citizen volunteers serve the City of Buchanan on the City's various boards, commissions, councils committees and subcommittees (hereafter referred to as "boards") which have major responsibilities in assisting the City Commission and staff in public policy development and implementation. These boards and commissions play a vital role in shaping the community's future and maintaining and improving its quality of life. By serving on these various groups, city residents have the opportunity to truly make a difference in their community.

In further development of the Board Application and Appointment Process in alignment with MEDC's Redevelopment Ready Communities initiative, the Clerk has been on a mission to compile and understand the complex maze of boards and subcommittees, when and how they were established, their bylaws, and current rosters. During this process, whether due to turnover in the Clerk's office, practices of the past City Hall administration, the chaos of a pandemic, or other factors, we have uncovered some inconsistencies regarding board roles, responsibilities, and relationship to the City's strategic initiatives.

In addition to a lack of clarity, consistency, and oversight on the part of the City, we have a wide disparity in the productivity and effectiveness of boards and subcommittees. This should be reviewed to uncover best practices of those boards who add considerable value to the City and consider remediation or removal of underperforming or misaligned boards. Many boards are currently out of compliance with City policies, their own bylaws and the Open Meetings Act (OMA). Few provide either agendas or minutes to the Clerk's office on a timely basis – if at all – and do not keep the City apprised of vacancies and/or appointments to their board.

Recommendations

The following are recommended changes to process and policy governing the various boards of the City of Buchanan.

Regain Compliance

- Hold a required meeting of board officers in June as a reorientation to the board policies and procedures, ensuring all boards and subcommittees will act on behalf of the best interests of the City of Buchanan and operate under the financial, legal and regulatory requirements and duties of the City of Buchanan which include but are not limited to:
 - Adherence to the Open Meetings Act
 - Appropriately noticing and holding public meetings
 - Publication of Agenda and Minutes
 - Use of Robert's Rules of Order to conduct meetings
- Hold and annual meeting thereafter early in the year to review policies and procedures and prepare boards for the annual strategic reporting and board reappointment process.
- Develop or contract periodic training and refreshers on:
 - Open Meetings Act
 - Robert's Rules of Order
 - Municode Meeting Management

Establish Consistency

- Unless reasonably precluded in a board's bylaws by a higher authority, verify or revise all board bylaws to reflect that:
 - All board terms run in conjunction with the City's fiscal year, July 1 through June 30.
 - All board reappointments for expiring terms are made annually by a vote of the board followed by a recommendation from that board to the City Commission by May 31 for ratification in June.
 - All new board appointments are made as necessary by a vote of the board followed by a recommendation from the board to the City Commission for ratification.

Ensure Effectiveness

- Foster development of objectives and strategic plans presented to the City Commission annually. Such objectives and strategies should demonstrate alignment with the City's objectives and maintain or improve the quality of life within our community.
- Establish regular progress reporting to the City Commission, both in writing and appearance before the Commission.
- Refer to Resolution 2004.01/011, establishing policy for the formation of board subcommittees. Key aspects include:
 - Subcommittees can be formed at the recommendation of a board or the City Commission and must be adopted through resolution by the City Commission.
 - Ad hoc committees established by the City Commission are a suitable alternative to board subcommittees.
 - In all cases, the board will appoint a member of its own to serve on the subcommittee to provide ongoing updates to the supervising board.
 - An official subcommittee will require an annual resolution of continuation to ensure productivity and effectiveness.
- Facilitate the dissolution or transition to volunteer or nonprofit status of boards or subcommittees no longer aligned with the City's objectives, providing value, or complying with the financial, legal and regulatory requirements and duties of the City.

Realign

- Elevate high performing subcommittees to board level. Currently the following subcommittees fall under the oversight of the Buchanan Area Recreation Board but operate quite independently of the B.A.R.B. Given the strategic value to the City, each could easily operate as a stand-alone board:
 - Buchanan Tree Friends
 - Friends of McCoy's Creek Trail
- The Common Committee is also a subcommittee of the Buchanan Area Recreation Board and is primarily concerned with the Thursday Concert Series and Stop, Lunch and Listen programming at the Common. As the City expands programming and events at the Common, restructuring the Common Committee as a stand-alone board with appropriate subcommittees and representation from adjacent boards, such as the Buchanan Area Performing Arts Council, should be considered in order to facilitate a broader strategy for community development.
- The Buchanan Farmer's Market is currently formed under the now dissolved Downtown Development Authority. Given its function and vital role to the community, it could either operate as a stand-alone board or under the auspices of the restructured Common Committee.

Ongoing Development & Refinement

- In preparation for the Board Portal on the City's new website, launching this Fall, fully document board rosters, terms, bylaws and the date and means by which each board was established and provide access to recent archived minutes.
- Utilize the Municode Meeting Management platform to establish consistent templates and train designated board members to create and publish their own meeting agendas, packets and minutes.
- Further enhance the board application and appointment process to include:
 - Converting the application to a fillable form
 - Establishing desired board member skills, interest, experience and criteria for each board and subcommittee to facilitate a mutual good fit for the board and applicant
 - Instituting communication templates and workflows so all prospective board applicants and the board(s) to which they applied are kept apprised of where their application is in the process

The goal and challenge is to reestablish a mutually productive relationship and a level of professionalism with our boards while preserving the tremendous pride and passion many of our volunteer board members have in the City of Buchanan. In many ways, they are the reasons *Life is Better Here*.

Current Boards of the City of Buchanan

At this time, this is the best accounting the Clerk's office has regarding current boards. Additional research and verification of highlighted items are necessary.
