Texas Department of Transportation
Re: TxDOT 2023 Transportation Alternatives Program - Call for Projects

Dear Selection Committee,

The City of Burleson is seeking funding assistance from the Texas Department of Transportation (TxDOT) through the TxDOT 2023 Transportation Alternatives Program - Call for Projects for the following project:

Active Transportation Project to Support the Proposed 10-Mile Loop
TxDOT Project ID: L_3_FTW_Burleson-1_10MileLoop

With significant growth in the area, this project provides connections to various important areas of interest such as schools, community parks, and economic centers. Combined with Burleson's bond program currently in process, we feel this project is an excellent opportunity to combine funding to meet the goals of your program.

We appreciate the opportunity to submit for partnership on important transportation improvement projects in the City of Burleson. The City is looking forward to working with you to promote mobility and increased alternative transportation access to area residents and visitors.

Thank you for your consideration.

Sincerely,

Mr. Chris Fletcher
Mayor
City of Burleson
