

COMMUNITY FACILITIES CONTRACT
CITY OF BURLESON

STATE OF TEXAS	§	PROJECT NAME: Burleson
	§	Summercrest Waterline
COUNTIES OF TARRANT	§	Replacement
AND JOHNSON	§	

CONTRACT NUMBER: **2026-10**

This Contract is entered into on the ____ day of _____, 2026 by and between the CITY OF BURLESON, a TEXAS home rule municipality, (hereinafter referred to as the "City"), and **2525 FTG-Tulsa, LLC**, a _____
~~_____Texas limited liability company corporation~~ (hereinafter referred to as the "Developer").

WHEREAS, the Developer is the owner of land which will be platted as **Summer Crest Addition, Lots 11AR1 and 11AR2, Block 1, and previously**
~~**owned land which will be platted as Summer Crest Addition, Lot 11AR1, Block 1,**~~
to the City of Burleson, Johnson County, or Tarrant County (whichever is applicable) Texas (hereinafter referred to as the "Subdivision"); and

WHEREAS, the Developer is required to install certain public improvements as required in this Contract (hereinafter referred to as the "Community Facilities") to serve the lots in the Subdivision; and

WHEREAS, the Developer elects to make the Community Facilities at the Developer's cost with certain costs eligible for reimbursement by the City; and

WHEREAS, the City has approved the anticipated reimbursement costs for specific portions of the Community Facilities the in the amount of **\$139,936.27 (\$121,683.71 construction cost, \$18,252.56 design cost, and 10% contingency)**, which is less than thirty percent (30%) of the total project cost; and

WHEREAS, the City anticipates that the Community Facilities will provide increased capacity for the Property and other future development in the area, which benefits the City and the general public; and

WHEREAS, this Contract is authorized by Texas Local Gov't Code Chapters 252 and Subchapter C of Chapter 212, without complying with the competitive sealed bidding procedures of Texas Local Gov't Code Ch. 252; and

WHEREAS, in the interest of the general public and for the public purposes described in this Contract, the Developer desires to construct the Community Facilities and the City has appropriated and identified public funds for reimbursement of the Community Facilities in accordance with the City's ordinances and applicable law; and

WHEREAS, the Developer recognizes that the City has an interest in ensuring that the Community Facilities are properly constructed in accordance with City specifications and are paid for by the Developer, because they will become public property upon completion and acceptance by the City; and

WHEREAS, this Contract shall operate as a covenant running with the land and shall be binding upon the Developer and its successors, heirs, representatives, grantees, trustees, officers, agents, servants, employees and assigns;

NOW, THEREFORE, the City and the Developer, in consideration of the mutual covenants and agreements contained herein, do mutually agree as follows:

1. Covenants of the Developer.

- a. The Developer shall install the Community Facilities for the Subdivision at no cost to the City, other than the costs for specific portions of the Community Facilities which the City has agreed to reimburse to the Developer in the amount of \$139,936.27. The Community Facilities shall include the items shown on the construction plans and specifications as released for construction by the City.
- b. The Developer shall employ the Developer's own engineer to prepare the plans and specifications for the Community Facilities, and all engineering work shall comply with the requirements of the City's Subdivision Ordinance and Design Standards Manual. The Developer's engineer shall be a civil engineer licensed to practice in Texas. All plans and specifications prepared by the Developer's engineer must be released for construction in writing by the City Engineer of the City before the construction contract for the Community Facilities is entered.
- c. The Developer shall construct and install the Community Facilities in accordance with the plans and specifications prepared by the Developer's engineer and released for construction by the City Engineer, and the procedures, specifications and standards contained in the Subdivision Ordinance and Design Standards Manual of the City. In general, the construction shall follow provisions of the "Standard Specifications for Public Works Construction, North Central Texas," as amended, published by the North Central Texas Council of Governments; except, however,

when specific circumstances dictate additional requirements, it shall be the responsibility of the Developer's engineer to provide the necessary details for construction acceptable to the City Engineer. The "Standard Specifications for Public Works Construction, North Central Texas," as amended, are incorporated in this Contract by reference and made a part hereof, and the Developer may obtain a copy from the North Central Texas Council of Governments. The Developer shall perform all work in a good and workmanlike manner and to the satisfaction of the City Engineer.

- d. The Developer shall meet the City's requirements for all work to be performed by persons that are licensed and bonded, and shall provide a financial statement, demonstrate experience, and utilize equipment acceptable to the City.
- e. Before commencing construction, the Developer shall deliver to the City Engineer a signed copy of the contract for construction of the Community Facilities. It is agreed that the City has an interest in the proper performance of the construction contract and may bring suit for failure to comply with the plans and specifications. The Developer shall provide the City with access to the project for the purpose of inspection of the installation of the Community Facilities.
- f. Prior to initiating any construction of the Community Facilities, the Developer shall provide the City with one original and one copy of the following construction bonds, which shall name the City as beneficiary or additional obligee:
 - 1) **Performance Bond.** If the contract for construction of the Community Facilities is for an amount in excess of Twenty-Five Thousand Dollars (\$25,000), a good and sufficient Performance Bond in an amount equal to one hundred percent (100%) of the total contract price, guaranteeing the full and faithful execution of the work and performance of the contract and for the protection of the City against any improper execution of the work or the use of inferior materials. The Performance Bond be made in favor of the City and shall guarantee completion of the Community Facilities within two (2) years of execution of this Contract.
 - 2) **Payment Bond.** If the construction contract for construction of the Community Facilities is for an amount in excess of Twenty-Five Thousand Dollars (\$25,000), a good and sufficient Payment Bond in an amount equal to one hundred percent (100%) of the total contract price of the construction contract, guaranteeing payment for all labor, materials and equipment used in construction of the Community Facilities. The Payment Bond shall be made in favor of the City and all

persons, firms or corporations who may furnish materials for or perform labor upon the Community Facilities hereunder.

- 3) Maintenance Bond. A good and sufficient Maintenance Bond in an amount equal to one hundred percent (100%) of the total cost of the Community Facilities (including all change orders) guaranteeing the maintenance in good condition of the Community Facilities for a period of two (2) years from and after the date that a Letter of Acceptance is issued by the City indicating that the Community Facilities have been completed by the Developer and accepted by the City. The Maintenance Bond shall be made in favor of the City.

In the alternative, the Developer may furnish a cash deposit, irrevocable and unconditional letter of credit, or certificate of deposit in an amount equal to one hundred percent (100%) of the total cost of the Community Facilities as security. Such forms of security shall be held by the City for a period of two (2) years or until any deficiencies identified at the expiration of the two-year maintenance period are corrected, whichever occurs last.

Each bond shall be in a form acceptable to the City and shall be written by a surety company duly authorized to do business in the State of Texas, provided that the Mayor shall have the right to reject any surety company for any work under this Contract.

Bonds from the Developer's prime contractor(s) or other entity in an amount equal to one hundred percent (100%) of the total cost of the Community Facilities and in a form acceptable to the City, may be accepted in lieu of Developer's obligations specified above, at the discretion of the City Manager or the City Manager's designee.

- g. **The Developer and its affiliates, successors, and assigns do hereby covenant and agree to, and by these presents do hereby, fully indemnify, hold harmless, and defend the City, its officers, agents and employees, from all suits, actions or claims of any character, whether real or asserted, brought for or on account of any injuries or damages sustained by any persons (including death) or to any property, resulting from or in connection with the construction, design, performance or completion of any work to be performed by the Developer, its contractors, subcontractors, officers, agents or employees, or in consequence of any failure to properly safeguard the work, on account of any act, intentional or otherwise, neglect or misconduct of said Developer, its contractors, subcontractors, officers, agents, or employees, whether or not such injuries, death or damages are caused, in whole or in part, by the alleged negligence of the City of Burleson, its officers, agents, servants or employees.**

- h. **Release of the plans and specifications for construction by the City Engineer or other City employee(s) of any plans, designs or specifications submitted by the Developer pursuant to this Contract shall not constitute or be deemed to be an assumption of the responsibility and liability of the Developer for the competency of the Developer's design and specifications for the Community Facilities, it being the intent of the parties that release of the plans and specifications by the City Engineer or other City employee(s) signifies the City's acceptance of only the general design concept of the Community Facilities to be constructed. In this connection, the Developer and its affiliates, successors, and assigns shall indemnify and hold harmless the City, its officers, agents, servants and employees from any loss, damage, liability claim, obligation, penalty, charge, cost or expense including property damage, personal injury or death, to any and all persons, which may arise out of any defect, deficiency or negligence of the Engineer's design and specifications incorporated into any of the Community Facilities constructed in accordance therewith, whether or not such loss, damage, liability, claim, obligation, penalty, charge, cost or expense is caused in whole or in part by the alleged negligence of the City, its officers, agents, servants or employees, and the Developer shall defend at its own expense any suits or other proceedings brought against the City, its officers agents, servants or employees or any of them, on account thereof, and shall pay all expenses (including without limitation reasonable fees and expenses of attorneys, expert witnesses and consultants) and satisfy all judgments which may be incurred by or rendered against them in connection therewith.**
- i. The Developer shall, at his own expense, purchase, maintain and keep in force during the term of this Contract the insurance set forth below. The Developer shall not commence work on the Community Facilities until the Developer has obtained all the insurance required under this Contract and such insurance has been approved by the City, nor shall the Developer allow any subcontractor to commence work on his subcontract until all similar insurance of the subcontractor has been obtained and approved. All insurance policies provided under this Contract shall be written on an "occurrence" basis.

Compensation Insurance

Workers Compensation	Statutory Limit
Employers Liability	\$100,000 Each Occurrence
	\$500,000Disease-Each Employee

Liability Insurance

Commercial General Liability	\$500,000 Combined Single Limit
(No standard coverages are to	

be excluded by endorsement)

Automobile Liability Insurance

Commercial Auto Liability Policy \$500,000 Combined Single Limit
(including coverage for owned,
hired and non-owned autos)

Umbrella Liability

(Following Form and Drop Down \$1,000,000 Each Occurrence
Provisions included)

It is agreed by all parties to this Contract that the insurance required under this Contract shall:

- 1) Be written with the City of Burleson as an additional insured.
- 2) Provide for thirty (30) days written notice to the City of cancellation or material change in coverage.
- 3) Be written through companies duly authorized to write the particular class of insurance in the State of Texas.
- 4) Waive subrogation rights for loss or damage so that insureds have no right to recovery or subrogation against the City of Burleson, it being the intention of this Contract that the required insurance policies shall protect all parties to this Contract and be primary coverage for all losses covered by the policies.
- 5) Provide a certificate of insurance evidencing the required coverages to:

City of Burleson
Public Works Department/Engineering/Development
141 W. Renfro Street
Burleson, Texas 76028.

Insurance policies from the Developer's prime contractor(s) or other entity acceptable to the City, may be accepted in lieu of Developer's obligations specified above, at the discretion of the City Manager or the City Manager's designee. Any such policy submitted shall not be subject to limitations, conditions or restrictions deemed inconsistent with the intent of the insurance requirements described in this contract.

- j. During construction of the Subdivision and after the streets have been installed, the Developer agrees to keep the streets free from collection of soil. The Developer agrees to use soil control measures such as hay bales, silt screening, hydromulch, or other applicable measures to prevent

soil erosion. It will be the Developer's responsibility to present to the City Engineer a storm water pollution prevention plan that will be implemented for the Subdivision. When, in the opinion of the City Engineer, there is sufficient soil collected on the streets or other drainage areas and notification has been given to the Developer, the Developer will have twenty-four (24) hours to clear the soil from the streets or affected areas. If the Developer does not remove the soil from the streets or other areas within twenty-four (24) hours, the City may cause the soil to be removed either by contract or City forces and place the soil within the subdivision at the Developer's sole cost and expense. All expenses must be paid to the City prior to the issuance of a Letter of Acceptance for the Community Facilities.

k. The Community Facilities shall be completed within two (2) years from the effective date of this Contract.

l. Upon completion of the Community Facilities and issuance of a Letter of Acceptance by the City, the Community Facilities shall become the property of the City free and clear of all liens, claims, charges or encumbrances of any kind.

m. City Participation

The parties understand and agree that the City has no obligation to participate or contribute to the cost of designing or constructing the Community Facilities (other than with respect to the reimbursement provisions set forth in this Section 2(m)), nor shall the City be liable for any portion of the costs incurred by the Developer, or the Developer's officers, agents, employees, contractors or subcontractors for the design and construction of the Community Facilities. However, in consideration of the Developer's design and construction of additional public improvements (the "Water Line"), which is more specifically identified on the attached **Exhibit A**, the City has appropriated the not-to-exceed sum of **\$139,936.27** (the "Authorized Reimbursement") necessary to reimburse the Developer for the design and construction of the Water Line and to ensure completion of the Community Facilities.

n. The Developer will be responsible for paying all reasonable and necessary design, engineering, surveying, testing, and construction costs associated with the Water Line. The Developer shall submit monthly requests for payment to the City showing all actual direct costs attributable to the Water Line. After inspection of the work, if the City determines that the Water Line was built in accordance with the approved plans and specifications, the City shall make an Authorized Reimbursement payment(s) to the Developer. The scope of work and estimated cost of the Water Line are shown on **Exhibit A**. The parties anticipate that the final cost of the work for the Water Line may exceed the estimated cost;

however, the City's obligations shall not exceed the Authorized Reimbursement amount.

2. Covenants of the City

Upon proper completion and inspection of the Community Facilities, the City agrees to accept the Community Facilities by a written Letter of Acceptance. It is understood and agreed that the City shall have no liability or responsibility for the Community Facilities until a Letter of Acceptance is issued.

3. Miscellaneous

a. Compliance with Laws.

The Developer hereby agrees to comply with all federal, state and local laws and ordinances that are applicable to development of the Subdivision.

b. Venue and Governing Law

Venue of any action brought hereunder shall be in state district court in Johnson County, Texas, regardless of the location of the Subdivision. The terms and provisions of this Contract shall be construed in accordance with the laws of the State of Texas, without regard to conflict of laws principles.

c. Assignment

Neither this Contract nor any part hereof or any interest herein shall be assigned by the Developer without the express written consent of the City Manager of the City, which consent shall not be unreasonably withheld.

d. Waiver

The Developer expressly acknowledges that by entering into this Contract, the Developer, its successors, heirs, assigns, vendors, grantees, trustees, and/or representatives shall never construe this Contract as waiving any of the requirements of the Zoning Ordinance, Subdivision Ordinance, Design Standards Manual, the Standard Specifications or any other ordinance of the City.

e. Amendments

This Contract may be amended only by a written instrument signed by the Developer and the City.

f. Liens and Assessments

If the Developer fails to comply with any of the provisions of this Contract, the City shall be authorized to cease issuance of a Letter of Acceptance, any certificates of occupancy, or building permits on property in the Subdivision whether or not owned by the Developer. Should the

Developer fail to complete construction of the Community Facilities, in addition to any other remedy authorized by this Contract or by law, the City shall be authorized to complete such construction and file a mechanic's lien against the Developer's property in the Subdivision, or in the alternative, to levy an assessment against the Developer's property for the Community Facilities pursuant to its home-rule powers or otherwise in accordance with state law.

g. Continuity

This Contract shall be a covenant running with the land and shall be binding upon the Developer, its successors in title, heirs, assigns, grantees, trustees, and/or representatives. To enforce this provision and the Contract, the City may record this Contract in the official public deed records in the county where the Subdivision is located.

h. Severability

If any of the terms, sections subsections, sentences, clauses, phrases, provisions, covenants or conditions of this Contract are held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the Contract shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

i. Governmental Functions and Immunity

The parties hereby acknowledge and agree that the City is entering into this Contract pursuant to its governmental functions and that nothing contained in this Contract shall be construed as constituting a waiver of the City's police power, legislative power, or governmental immunity from suit or liability, which are expressly reserved to the extent allowed by law. To the extent a Court of competent jurisdiction determines that the City's governmental immunity from suit or liability is waived in any manner, or that this Contract is subject to the provisions of Chapter 271 of the Texas Local Gov't Code, as amended, the City's immunity from suit may be waived only as set forth in Subchapter I of Chapter 271, Texas Local Gov't Code. Further, the parties agree that this Contract is made subject to all applicable provisions of the Texas Civil Practice and Remedies Code, including but not limited to all defenses, limitations, and exceptions to the limited waiver of immunity from liability provided in Chapter 101 and Chapter 75.

j. Books and Records

The Developer shall ensure that contractors performing work on the Project shall make all books and records available for audit and inspection by the City in accordance with Texas Local Gov't Code Sec. 212.074. Notwithstanding any other provision to the contrary in this Contract, all information, documents, and communications relating to this Contract may be subject to the Texas Public Information Act and any opinion of the

Texas Attorney General or a court of competent jurisdiction relating to the Texas Public Information Act. Upon the City's written request, Developer agrees to provide the City, within thirty (30) days of the Developer's receipt of such request, access to contract documents, invoices, receipts, records, and reports reasonably necessary to verify Developer's compliance with this Contract.

IN WITNESS WHEREOF, each of the parties has executed this Contract by its undersigned duly authorized representative as of the date first written above.
