M-Pak- October 16, 2023

Captain Randy Crum

# Uniform and Equipment Services

---

- Through a cooperative purchase agreement with General Service Administration, the Burleson Police Department utilizes M-Pak for police uniform and equipment services. These services include, but are not limited to, body armor (new and replacement), patrol uniforms, SWAT equipment, duty gear, and footwear.
- During FY23-24, the Burleson Police Department will be replacing thirteen body armor. Additionally, each sworn member of the department is issued an annual clothing allowance to purchase replacement uniforms, footwear, and equipment. Lastly, the Burleson Police Department has observed an annual attrition rate of 5.1%, as determined by Matrix Consulting Group. As such, the Department is encumbering an amount to allow for additional pieces of body armor and uniforms and duty gear necessary for four new hires.
- Based on historical usage of M-Pak and the factors presented, the Burleson Police Department anticipates the expense of obtaining uniform, duty gear, and body armor services through M-Pak in the amount of \$82,000 for FY23-24
- GSA: GS-02F-0163N and GS-07F-064DA

# Options and Recommendation

---

## Options

- Approve the Minute Order
- Deny the Minute Order

Burleson Police Department's Recommendation is to approve the minute order as written.
