Notes

Controlled Substance Full Scan represents a full analysis, including weight and report of the primary controlled substance in the item or sub-sample.

Quantitative results (purity) are a separate analysis from the identification. Depending on the number of different units submitted as a single item, multiple sub-samples may be required for a representative analysis.

For evidence that must be sub-sampled to meet analytical methodologies, each sub-sample will be treated as an individual unit.

The are no hidden fees for client cancellation, set up, untested samples, difficult samples, or sample cancellation due to insufficient sample.

Armstrong maintains a library of reference standards including numerous synthetic drugs.

If a submitted sample contains a controlled substance not already included in Armstrong's libraries, the purchase of a reference standard may be necessary to confirm the identification.

In the event any additional standards are necessary, Armstrong will contact the Client for approval.

Armstrong responds to requests from prosecutors handling the case, provides requested materials, and invoices the submitting agency, unless specifically directed otherwise by the submitting agency.

Additional Component is considered to mean any other potentially significant analyte identified within the results; controlled or non-controlled by the State of Texas.

Event Charges may be incurred when Armstrong is requested to provide services that require efforts beyond the scope of its standard work-shift. (Mon.- Fri., 7a.m. - 6 p.m.)

Travel Expenses are charged as a Pass Through Cost. Mileage is charged at \$0.70 per mile.

Armstrong requests completed evidence be picked up or scheduled for return shipping within two weeks after the completion of the report. Evidence left at Armstrong for more than 30 days may be returned to the submitting agency at the agency's expense.

Armstrong is not a licensed destruction facility and cannot destroy or discard controlled substances and related evidence.

Expedited Turn-around Options:
ASAP TAT – 100% Analytical Surcharge
