January 30, 2024

City of Burleson
Attention: Tommy Ludwig
141 Renfro Street
Burleson, TX 76028-4296

Dear Mr. Ludwig,

At the City of Burleson's request, we have agreed to the city taking over the maintenance of the traffic signals on the highways within the City of Burleson. The signals will remain the property of the State. This agreement will be with the understanding that there will be zero reimbursements as the population is below 50,000 based on the latest federal census.

Attached are the following documents that spell out the terms of this agreement:

1. Exhibit 1 - TEA6a with the traffic signal locations within your city.
2. Exhibit 2 - Traffic Signal Maintenance and Operation Provisions.

This Letter of Understanding serves as the agreement and will be in effect until both parties mutually agree to modify or terminate this agreement.

Please let me know if you have any questions or concerns.

Thank you,

DocuSigned by:
