

DELL MARKETING CONTRACT

Background

BTX-IT's Life Cycle Management program replaces end-user computers, monitors, and peripheral equipment every four to five years when the warranty on the device(s) has expired.

The Life Cycle program ensures that our staff:

- Are using current technologies.
- Have parts and equipment replacement support.
- Ensure we can utilize new applications and updates as they become available.

Action

BTX-IT will set up a blanket purchase order to Dell in the amount of \$184,000 for the fiscal year to streamline the procurement process using the OMNIA partner contract (01-143), which is a budget item in the department's yearly budget.

Approval of a contract for the purchase of computers, monitors, and peripheral equipment from Dell Marketing LP through a cooperative purchase agreement with OMNIA Partners (01-143) in the amount of \$184,000.
